Quarantine: 9

Active Monitoring: 9 (2 positives/7 Close Contacts)

The Red Cliff Community Health Center reports NO new case of Covid-19 today.
NOTE** There were 2 positive tests for individuals out of the Red Cliff jurisdiction.

When can I get a COVID-19 vaccine booster?

Not immediately. The goal is for people to start receiving a COVID-19 booster shot beginning in the fall, with individuals being eligible starting 8 months after they received their [second dose](#) of an mRNA vaccine (either [Pfizer-BioNTech](#) or [Moderna](#)). This is subject to authorization by the U.S. Food and Drug Administration and recommendation by CDC's Advisory Committee on Immunization Practices (ACIP). FDA is conducting an independent evaluation to determine the safety and effectiveness of a booster dose of the mRNA vaccines. ACIP will decide whether to issue a booster dose recommendation based on a thorough review of the evidence.
