The Red Cliff Community Health Center reports ONE (1) new case of Covid-19 today.

Your CDC COVID-19 Vaccination Record and Vaccination Card

- **Vaccine Record:** provides a history of all the vaccines you received.
- **Vaccine Card:** specific to COVID-19 vaccination - given to you when you get your COVID-19 vaccine.

What You Need to Know

- At your first vaccination appointment, you should get a CDC COVID-19 Vaccination card that tells you what COVID-19 vaccine you received, the date you received it, and where you received it.
- Keep your CDC COVID-19 Vaccination card for future use. Consider taking a picture of your card after your vaccination appointment as a backup copy.
- Bring your card to your appointment whenever you get an additional dose or booster so that your provider can fill in information about your shot.
- If you did not receive a CDC COVID-19 Vaccination card at your first appointment, contact the vaccination provider site where you got your first shot to find out how you can get a vaccination card, or contact your state health department to get a copy of your vaccination record.
