COVID 19 SAFETY PRACTICES - HAND WASHING

Keep Up the Safety Practices – Miigwetch for Doing Your Part!

COVID-19: Hand Washing

1. **Wet** your hands with clean, running water (warm or cold), turn off the tap, and apply soap.
2. **Lather** your hands by rubbing them together with the soap. Lather the backs of your hands, between your fingers, and under your nails.
3. **Scrub** your hands for at least 20 seconds. Need a timer? Hum the “Happy Birthday” song from beginning to end twice.
4. **Rinse** your hands well under clean, running water.
5. **Dry** your hands using a clean towel or air dry them.

What to do if you can't wash your hands

- If soap and water are not available, use an alcohol-based hand sanitizer with at least 60% alcohol.

Caretakers of the medicine, protectors of your health
