June 9, 2022

Total Tested RCCHC: 5,272 (+13)

Total Positive Tests: 582 (+6)/18 Active, 561 Recovered, 3 Death

Total Close Contacts: 5

Red Cliff Community Health Center reports SIX (6) new cases of Covid-19 today.

Self-Testing At-Home or Anywhere

Self-tests for COVID-19 give rapid results and can be taken anywhere, regardless of your vaccination status or whether or not you have symptoms.

When To Take an At-Home COVID-19 Test

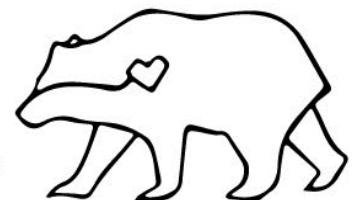

You have any COVID-19 symptoms: Immediately

You were exposed to someone with COVID-19: 3 - 5 days after your exposure
**If you test negative for COVID-19, consider testing again 1-2 days after your first test

You are going to an indoor event or a gathering:

Immediately before the gathering, or as close to the time of the event as possible

This is especially important before gathering with individuals at risk of severe disease, older adults, those who are immunocompromised, or people who are not up to date on their COVID-19 vaccines, including children who cannot get vaccinated yet.

Caretakers of the medicine, protectors of your health
