Total Positive Tests: 595 (+1)/4 Active, 588 Recovered, 3 Death
Total Close Contacts: 4

Red Cliff Community Health Center reports ONE (1) new case of Covid-19 today.

CDC RECOMMENDS COVID VACCINES FOR CHILDREN AGES SIX MONTHS THROUGH FIVE YEARS.

On June 18, 2022, CDC Director Rochelle P. Walensky, M.D., M.P.H., endorsed the Advisory Committee on Immunization Practices' (ACIP) recommendation that all children 6 months through 5 years of age should receive a COVID-19 vaccine. This expands eligibility for vaccination to nearly 20 million additional children and means that all Americans ages 6 months and older are now eligible for vaccination.

Parents and caregivers can now get their children 6 months through 5 years of age vaccinated with the Pfizer-BioNTech or Moderna vaccines to better protect them from COVID-19. All children, including children who have already had COVID-19, should get vaccinated.

The Red Cliff Center is in the process of ordering vaccine and will notify the community when appointments can be scheduled.
