## COVID-19 Weekly Update

September 5 – 9, 2022

Total Tested RCCHC:	5,583 (+8)
Total Positive Tests:	722 (+4)/3 Active, 716 Recovered, 3 Death
Total Close Contacts:	0

Red Cliff Community Health Center reports FOUR (4) new cases of Covid-19 this week. Note\* positive cases include reported “at home” tests and are not included in the number tested on site at RCCHC.

### RED CLIFF HEALTH WILL OFFER UPDATED COVID-19 BOOSTERS

On September 1, the CDC approved updated COVID-19 boosters from Pfizer-BioNTech for people ages 12 years and older and from Moderna for people ages 18 years and older.

According to Dr. Walensky: “The updated COVID-19 boosters are formulated to better protect against the most recently circulating COVID-19 variant. They can help restore protection that has waned since previous vaccination and were designed to provide broader protection against newer variants.”

Red Cliff has received inventory of the updated booster and is currently working on the associated protocols. Information will be shared with the community over the next two weeks on how to access the vaccine.
