Reminder: Direct Relief Payment Applications Due October 15

October 1, 2021 – Red Cliff Tribal Members are reminded to apply for their COVID-19 Health Pandemic General Welfare Direct Relief Payments if they have not already done so. Applications must be received on or before Friday October 15, 2021 at 4:30 PM. Checks started being processed and sent two weeks ago, and will continue to be processed and mailed directly on a rolling basis. Direct deposit is not available.

Nearly 3,000 applications have been submitted – many of which contain multiple Tribal Members eligible for payment, totaling over 7,000 members eligible for relief assistance. Please understand this is a very high volume of applications and checks to process. Staff are working extra hours to process your payments as quickly as possible. Miigwech for your understanding and patience.

Red Cliff Tribal Members aged 18 and older qualify for a \$1,200 payment, and Red Cliff Tribal Members under the age of 18 qualify for a \$500 payment. If a young adult turns 18 during the enrollment period (Sept 1 – Oct 15), they will receive an adult allocation.

Paper applications along with all submission instructions are available at the Tribal Administration Building. Applications are also downloadable online, and available as an e-application. Completed applications can be returned to the Tribal Administration Building, e-mailed to RCARP@redcliff-nsn.gov, or submitted via the online application. The downloadable application and e-application are available online at www.redcliff-nsn.gov/ARP.

Please contact 715-779-3731 or email RCARP@redcliff-nsn.gov with any questions or for assistance. Again, staff are working as quickly as possible to process over 7,000 payments. Miigwech for your patience as Administration continues to process these general welfare assistance payments and continues to work towards positively impacting Miskwaabikaang now and for the future generations.
