Legendary Waters Enters Phase 4 of Reopening August 2

Limited hotel rooms to open, pool remains closed

On August 2, 2020 Legendary Waters Resort and Casino will enter Phase 4 of its reopening plan and will accept hotel reservations on a limited basis. The 2nd and 3rd floors will open, and rooms will be alternated to allow for sufficient cleaning time between guests. Conjoining rooms will not be available, and the pool will remain closed.

Safety guidelines and social distancing protocol from previous reopening phases will remain in effect. Masks continue to be mandatory, and no smoking will be allowed indoors. Patrons are asked to enter through the main casino entrance for a brief non-invasive temperature check and hand sanitizer stations.

The Snack Bar will continue to offer take-out service, and the Outdoor Patio Bar along with the Gift Shop will be open with altered hours.

For hotel reservations please contact Legendary Waters Resort & Casino at 800-226-8478 or visit www.legendarywaters.com for more information.
