HOUSING BOARD 1-4pm
Meeting reconvened at 1:00 pm All Council members present. Housing Board members: Mike Babineau, Theresa Gordon, Bruce Topping, Steven Boyd, Laura Belanger, Lisa Farrell and Robert Bear Staff: Joe Bresette, Maxine Babineau, Tim Funk, Jim Farrell and community members.

HOUSING/JOE BRESETTE
Housing has 3 areas of information for the Council; paperwork on areas was given to Council.

1) Annual Performance report is due by the end of December. If anyone has any comments on the report submit them by email by noon next Friday to Joe and he will submit it to HUD. The report has been posted at the Housing and Tribal offices. The Board has approved the report.

2) Information on the potential refinancing of the 184 loans, the Board went over the financial documents what we pay now, and the savings with a lower interest rate. Brian Pierson will be working with David and the Chippewa bank regarding the Resolutions. If they are required David will make a recommendation to the Council. Refinancing of Phase I could potentially have a savings of $12,027.84 annually.

3) Tax Credit programs funded 48 new homes, both projects were clarified for new construction or rehab. We still have a waiting list of potentially 70 families looking for affordable housing. Housing has never presented an Operating Statement on how the tax credits are doing, effect on finances and its outlook. Jim Farrell has worked on Phase I and II and presented a financial and balance sheet to the Council with an explanation of revenues and expenses for a nine month period.

Tim Funk gave a brief summary of Phase I and II. We need to redirect funds from ARRA in the amount of $700,000. The Housing Board has been the LLC on both projects. Phase III will involve new construction and rehab, and we have been discussing duplexes. We need to submit the application for tax credits in March.

Joe stated there are no infrastructure funds for sites. What does the Tribe intend to do with North Bradum? Discussion on possible sites on duplexes where they could be built. There is a need for one and two bedroom units. If built these units would have to pay for themselves for maintenance and rent would have to be paid.

Discussion held on CHODO fund which can only be spent on that program. Mike’s crew has expanded as have the projects, with more duties for his crew. North Bradum is a priority. Chairperson Rose Soulier stated this will be followed up on. Rehab needs to be done on old housing, new housing, hillside housing. There is a need for a comprehensive housing assessment on all housing projects. The tenants and community need information also. Marvin requested that the comprehensive plan be completed relative to housing with timelines. Chairperson Rose Soulier thanked the Housing Board and staff for the information received and their work on the housing needs for tribal members.
Dennis Soulier moved to adjourn. Seconded by Laura J. Gordon. Motion carried.
