Jeff presented the Council with an updated list of current and projected transportation allocations for 2015 – 2018. Rose Soulier asked if Bishop Loop was included in this list. Jeff stated that it was not included in the list, in order to make room for additional projects. Marvin Defoe asked whether Bishop Loop and other areas should be included on the list to document a need. Jeff said it is an ongoing project and it cannot be removed until the project has been completed; it’s just not listed on this document. Another part of the program includes gathering baseline data on Elder needs to establish a foundation for further program development.
