Money Matters gets teens started making good decisions for their financial futures. The program is geared toward preparing for financial life after high school and then young adulthood.

Every Wednesday starting June 22nd
2 - 3 PM
(subject to change)

Overview

Money Matters will cover topics regarding financial literacy while also developing valuable life skills.
The program was designed to lead to the following outcomes:

- Behavioral change in budgeting, saving and investing; managing credit and debt; and postsecondary planning
- Strong decision-making skills around finance
- Confidence in knowledge of financial products, tools and service
