

Full Circle Scholarships

As we reach the final months of the school year, graduating youth may be looking for opportunities to help minimize the cost of post-secondary education. BGCA Native Services would like to share a great way for youth to expand their financial horizons for college.

The American Indian College Fund has provided an exclusive opportunity for Native Boys & Girls Club members to apply for scholarships at Tribal colleges and universities (TCUs) near their Clubs.

Through the American Indian College Fund's partnership with BGCA Native Services, they have committed to bolstering the future success of youth attending Native Clubs. This is a wonderful opportunity for qualified Boys & Girls Clubs members to attend TCUs! To be considered to receive a scholarship, students must first apply and be accepted to a TCU.

Applications for Full Circle Scholarships will be accepted until May 31, 2021. Scholarships are renewable if students meet the college's eligibility criteria. For additional information and application instructions, please visit www.collegefund.org/students/scholarships.

GREAT FUTURES START HERE.
