*"LOVED this program!
Helped incorporate
more fresh fruits and
veggies into our diet!
And loved that it came
straight from the farm."*

*"My family and I love
this program! Loved
that we are able to get
fresh produce every
week with just a 3
minutes drive from our
house!"*

*"...With the sliding
scale, I was able to
contribute what I could
afford, and some
months it was more or
less than what I had
originally planned.
Times are a little hard
sometimes, and being
in a tough spot
financially, it's helpful
that the employees at
the farm understood."*
