Red Cliff and Bad River Receive Community-Based Program Grants

The Apostle Islands/Chequamegon Bay Community Funds announced twenty-two grants totaling \$57,508 to local organizations, including the Red Cliff and Bad River Bands of Lake Superior Chippewa for community-based programs.

APOSTLE ISLANDS AND
CHEQUAMEGON BAY AREA
COMMUNITY FUNDS
*Affiliates of the Duluth Superior Area
Community Foundation*

The grants support health initiatives, youth development through outdoor adventure, local food and compost production, volunteer training, theater, trails, historic and landmark preservation.

Red Cliff received \$3,478 for the Artful Healing, Natures Path to Wellness project and Bad River received \$2,000 for a Food Sovereignty Compost Site project.

"We are honored to distribute these grants which help sustain our vibrant, healthy communities," said Ruth Oppedahl, new director of the Community Funds. "These grants are possible because of the generous contributions of donors who have supported our endowments over the last twenty years and counting. Their gifts will continue to grow in perpetuity."

GLITC Job Opening Aging and Disability Services Director

Great Lakes Inter-Tribal Council is a non-profit organization formed by the Native American Tribes of Wisconsin. We serve all WI tribes by providing administration of grant-funded programs either directly or with sub grants. Programs serve a range of functions from Children to Elders. Our Mission is: To Enhance the quality of life for all Native People.

Aging and Disability Services Director

The Aging and Disability Services (ADS) Director will manage and direct the Tribal Aging and

Disability Benefits Program and associated staff. This position will work in partnership with tribal health and human services agencies and Aging and Disability Resources Centers (ADRCs) in the tribes' service area to ensure that tribal members receive culturally appropriate information about ADRC services and are able to comfortably and effectively access long term care services.

This position assists tribes in researching and developing tribal capacity to provide multiple aging and disability programming. The ADS Director oversees, directs and supports assigned staff in individual and organizational advocacy, planning for new services, promotion of existing services and assurance of service quality. Daily attendance is an essential function of this position. Frequent travel is required to fulfill the duties of this job.

Compensation is set between \$60K - \$70K annually. Applications are due by July 10, 2020.

Natural (non-toxic) Insect Repellants-Ants

- Cornmeal deters them. They eat it & can't digest it.
- Sprinkle cinnamon in your sink. They hate it & it makes your house smell good! Cayenne pepper & cucumber peel also work.
- Lemon juice on window sills & door thresholds.

Leasing/Occupancy Reminders (ext. 3501)

- Visitors who remain for 30 calendar days or more, are subject to being included in tenant's family comp.
- Burning of trash & yard waste in a tenant's yard is not allowed.
- Repairing/Overhauling of vehicles is not permitted within the community housing areas.
- Looking to transfer? Check to see if your account is in good standing first.

Mold Myths (ext. 3516)

- ⇒ **Myth: Black mold is deadly.** *This is a popular misconception; toxicity is not related to mold color. Even mold types that can produce mycotoxins, don't always do so.*
- ⇒ **Myth: You must clean mold with bleach.** *Bleach does kill mold, but it's hard on your lungs & doesn't do a good job of removing it; vinegar works better. Use a mold killing solution such as Moldex, for best results.*
- ⇒ **Fact: Mold needs moisture to thrive.** House humidity should be 30-60 % from spring to fall. Use air conditioners or dehumidifiers to do moisture control.

"One of the projects we've got gearing up is our 'Youth Build' project. A Department of Labor initiative, with an intent to teach young adults who have not finished high school, construction trade building skills while also getting their GED. What the community will see as a tangible result is another 2-BR home going up, another homebuyer opportunity & another family housed."

Enbridge Shuts Down Pipeline In Straits Of Mackinac After Judge Orders Halt To Operations Judge Grants Temporary Restraining Order Against Enbridge

By Danielle Kaeding
From WPR

Canadian energy firm Enbridge has temporarily shut down operation of its Line 5 pipeline in the Straits of Mackinac after a Michigan judge ordered the company to shut down the pipeline "as immediately as possible."

The 67-year-old pipeline carries up to 23 million gallons of oil and natural gas liquids from Superior to Sarnia, Ontario. It splits into two 20-inch pipelines for roughly four miles under the

straits connecting Lakes Michigan and Huron.

The dual pipelines were shut down one week ago after the company discovered an anchor support had shifted position, but Enbridge resumed operation of the west leg of Line 5 on Saturday afternoon after it said damage was isolated to the east segment of the pipeline.

Last week, Michigan Attorney General Dana Nessel filed a motion in Ingham County Circuit Court for a temporary restraining order requiring Enbridge to cease all operation of Line 5 and provide information on the damage. In a six-page ruling Thursday, Judge James S. Jamo granted Nessel's request.

The judge ruled Enbridge failed to provide sufficient documentation about the safety of resuming operations on the west leg of the pipeline, as well as the nature and cause of the damage to Line 5.

Enbridge has argued that it can safely operate the west segment of Line 5.

If the company is wrong, Jamo wrote that the risk "is so substantial and irreparable, and endangers so many communities and livelihoods and the natural resources of Michigan, the danger far exceeds the risk of financial loss" to the company.

The company may not resume operation until at least Tuesday, when a hearing is scheduled to take up the matter.
