ENVIRONMENTAL PLAN REVIEW LICENSE APPLICATION

Attached you will find an application for an environmental plan review permit which is required for all new, altered or remodeled food facilities (i.e. restaurants), health clubs, commercial day care facilities, pet shops, therapeutic massage and lodging facilities.)

It will be necessary for you to complete the attached application in its entirety, *along with 2 sets of plans*, and leave it with us. We will forward the application to our environmental plan reviewer, Erik Solie, who is a contracted employee for Richfield from the City of Bloomington. He can be reached at (952) 563-8978. Mr. Solie, after reviewing your application and plan, will determine what the extent of the project is which will determine the fee. You will be advised by Mr. Solie of the amount of your environmental plan review license fee at that time and may make a check out to "City of Richfield" and leave it with him or pay it to City of Richfield licensing staff **prior** to any work beginning. This fee is in addition to the business license fee that is required.

Once we have received the environmental plan review license fee, you will be in a position to begin the project. Until the license fee is paid, no temporary or final occupancy certificates will be issued and occupancy of the facility will not occur until the license fee has been paid. The license fee structure is also attached for your review.

If you have questions concerning the process, you may contact Erik Solie at (952) 563-8978 or Business Licensing Dept. at (612) 861-9870.
