ITEM FOR WORK SESSION:

Discussion of proposed 2019-2020 Goals & Objectives

EXECUTIVE SUMMARY:

Based on direction provided at the May 14, 2019 work session staff have developed Goals & Objectives for 2019-2020. Staff also developed action steps to realize Council Goals & Objectives.

The strategic planning process has been expedited this year due to other priorities but staff plan for a more robust process in 2020.

DIRECTION NEEDED:

Provide suggested edits to Goals and Objectives so they can be approved as part of the 2020 Budget.

BACKGROUND INFORMATION:

A. HISTORICAL CONTEXT

In 2018 the Council created a strategic action plan that included five main goals. Staff then developed action steps to work towards achieving the goals in 2018-2019. The Council affirmed the five goals and added Core Services at the May 14, 2019 work session.

The City has not had a consistent process for goal setting or a formal strategic plan. It is too late in the budget process for a full strategic plan but that is proposed for 2020.

B. POLICIES (resolutions, ordinances, regulations, statutes, etc):

The Operating Budget Policy requires that the "budget will describe major goals to be achieved and the services and programs to be delivered for the level of funding provided."

C. CRITICAL TIMING ISSUES:

The proposed 2020 Budget will be presented to the Council on August 27, 2019 for discussion and guidance and for adoption on September 10, 2019.

D. FINANCIAL IMPACT:

Council and staff need to make critical decisions with scarce resources and long-term goals, objectives

and action steps guide those decisions.

E. **LEGAL CONSIDERATION:**

Council can choose to significantly modify or reject the Goals & Objectives but that provides less time for staff to adjust their action steps and corresponding budgets.

2019-2020 Goals & Objectives

Mission

Richfield's mission is to be known as the best place to live, work, learn and do business in the Twin Cities area. We are a customer focused and caring community that strives to foster a sense of neighborliness.

Vision

The "Urban Hometown," is a community that reflects the characteristics of living in a close-knit community, while surrounded by the amenities and resources of a broader metropolitan área. The urban hometown feeling is rooted in the personal connections cultivated within our neighborhoods, parks, schools and streets. These connections are reinforced by quality housing, local commercial centers, recreational opportunities, and the cultural diversity found within our city. Our proximity to the Twin Cities only serves to expand the opportunities available to our residents, providing the best of both small town living and urban life. Our goal is to embrace these characteristics, and take steps to maintain and enhance the culture and community that makes us an urban hometown.

WORK SESSION 7/23/2019

REPORT PREPARED BY: Katie Rodriguez

DEPARTMENT DIRECTOR REVIEW:

OTHER DEPARTMENT REVIEW:

CITY MANAGER REVIEW: Katie Rodriguez, City Manager

7/18/2019

ITEM FOR WORK SESSION:

Provide updated Key Financial Strategies information and proposed 2020 Capital Improvement Budget (CIB) and 2021-2024 Capital Improvement Plan (CIP) based on Council direction at the May 14, 2019 work session.

EXECUTIVE SUMMARY:

In order to provide more time to review the proposed 2020 Budget and CIB, and 2021-2014 CIP, staff presented the Key Financial Strategies earlier in the process. Based on Council feedback staff incorporated Recreation Services capital projects into the CIB/CIP and adjusted the timing of several capital projects to lessen the impact on the property tax levy. Staff will also present more information on proposed utility rate increases.

DIRECTION NEEDED:

Tonight's work session is a chance to ask questions, review the proposed CIB/CIP and utility rate increases and provide direction to staff on any needed changes. The Planning Commission is scheduled to review the CIB/CIP at their August 26, 2019 meeting and will then make a recommendation to the City Council. The 2020 Budget and CIB, and the 2021-2024 CIP will be presented to the City Council on September 10, 2019.

BACKGROUND INFORMATION:

A. HISTORICAL CONTEXT

The CIB/CIP and utility rate increases were typically presented with the operating budget at the same work session. Staff are presenting the information earlier to give the Council more time to ask questions and provide guidance.

B. POLICIES (resolutions, ordinances, regulations, statutes, etc):

A preliminary CIB/CIP is submitted to the Planning Commission by the City Manager. The Planning Commission is required by City Charter to prepare and recommend a CIP for inclusion in the annual budget of the City.

The Planning Commission is also required by State Statute to review all proposed capital improvements

within the City and make written findings to the City Council for consistency with the Comprehensive Plan.

C. **CRITICAL TIMING ISSUES:**

The 2020 Budget & CIB and 2021-2024 CIP is scheduled to be adopted on September 10, 2019.

D. FINANCIAL IMPACT:

The Operating Budget is the annual financial plan for funding the costs of City services and programs. The Capital Improvement Plan (CIP) is the comprehensive list of capital improvements for the community over a five-year period. A capital improvement is defined as any major nonrecurring expenditure for physical facilities. The Capital Improvement Budget (CIB) is the planned capital improvements for 2020 and is integrated into the 2020 Budget.

E. LEGAL CONSIDERATION:

The CIB/CIP is adopted by resolution of the City Council as part of the current year budget approval process. The resolution authorizes spending and borrowing only for those projects included in the Capital Improvement Budget for the current budget year.

ALTERNATIVE(S):

Recommended changes will be incorporated into the proposed 2020 Budget and CIB and 2021-2024 CIP.
