----------------	--

Executive Director Stark presented Staff Report No. 27.

Executive Director Stark addressed questions submitted by neighbors prior to this meeting.

Executive Director responded to questions from Commissioner Vrieze Daniels and Chair Supple.

Chair Supple opened the public hearing.

Chuck Strauch, resident of 6601 Emerson Avenue, expressed concerns regarding property tax, how much the City has invested and how much more money the City will invest in the property and increased police and fire calls. Stated he would like the property left alone and sold to the neighbors.

Steve Archer, resident of 6720 Emerson Avenue, expressed concerns with the elevation of the new homes and would like three homes considered. Also expressed concerns with the current condition of the land.

Jody Powell, resident of 6800 Emerson Lane, inquired about the terms of the contract relating to the builder having purchase agreements by December 31 and not paying anything to hold the property until then. She also expressed concerns related to privacy fences and said five houses felt unnatural.

Sandi Sween, resident of 7121 Oak Grove Blvd, expressed concerns about building height and pollution from freeway and having kids live in the new homes. Suggested other uses would be more beneficial.

April Pream, resident of 6639 Emerson Avenue, spoke of how the proposal disrupts the landscape of existing homes and would have a negative impact on current resident's feelings about their own property. Expressed water run off concerns and potential costs that could be passed on to current residents.

John Powell, resident of 6800 Emerson Lane, expressed concerns with developments impact on the neighborhood. Does not believe five homes would be right. Powell asked if the neighborhood could be involved with the development if it goes forward and have an input regarding landscaping, privacy and the homes.

M/Vrieze Daniels, S/Sandahl to close the public hearing.

Motion carried 5-0.

Chair Supple inquired about the cost to the City. Executive Director Stark explained the costs to date and explained the intent and what is written in the contract is that the City would not incur any further expenses once Mr. Endres takes title to the property, the City may incur minimal holding costs for maintaining the property until Mr. Endres takes title. Executive Director Stark explained the extraordinary utility costs Mr. Endres is incurring to develop the land. Executive Director Stark mentioned if approved this would need to go to the City Council for sub division waiver approval. Executive Director explained the Housing and Redevelopment Authority (HRA) is not charging holding fees because it is not the practice of the HRA to charge holding costs.

Executive Director Stark addressed the privacy fences and screening concerns, expressing that the City has not seen the landscaping plan yet and the City would continue to listen to input from the neighborhood regarding screening.

Resident Chuck Strauch asked what it will cost the City for the road and utilities. Executive Director Stark explained cost for the road and utilities to the HRA would be zero, the developer will pay for the road and the City only has to pay to maintain the land until closing on the property.

Commissioner Sandahl inquired about future maintenance of the new road. Executive Director Stark explained the City would maintain the road as it does all roads in the City.

Commissioner Sandahl inquired about the term “hammer head” listed on the plans. Executive Director Stark explained “hammer head” refers to the road design which allows fire trucks to enter and exit the property.

Commissioner Regan Gonzalez asked Executive Director Stark to explain the sub division waiver. Executive Director Stark explained the sub division waiver.

Commissioner Regan Gonzalez asked that what was discussed at the previous work session regarding property tax, building the homes verses selling the property be reviewed. Commissioner Vrieze Daniels read the notes from the work session. Executive Director Stark explained the taxes would be aggregate.

Chair Supple asked about landscaping being part of the motion.

Commissioner Elliott mentioned working with neighbors to address landscaping concerns. Executive Director Stark stated the motion would include that the Executive Director would need to approve landscaping plans and stated that the concerns would be taken seriously.

M/Sandahl, S/Supple to adopt a resolution authorizing the sale of 6812 Emerson Lane to Endres Custom Homes Inc. and authorize execution of a Contract for Private Development between the Housing and Redevelopment Authority and Endres Custom Homes, Inc. for the construction of five single family homes under the Richfield Rediscovered Program, with the understanding that the Executive Director would be responsible for final approval of the landscaping plan and the neighbors will be consulted in terms of landscaping, screening and privacy.

Commissioner Vrieze Daniels stated she was torn about this project, mentioned holding cost, sale price and future development opportunities on the site.

Commissioner Elliott stated the Housing and Redevelopment Authority and the neighbors are not crazy about putting five homes on a small piece of land, the street is boxed in and he is against the project. There are grading concerns, the project is overcrowding and is beneath what Richfield aspires to.

Commissioner Sandahl spoke in favor of the project, recovery from taxes and how other developments in the City on smaller sites have worked. They will be nice homes for families and will be a plus for the community, providing more homes for families and disagreed that the area would be crowded. Executive Director Stark explained lot sizes.

Commissioner Regan Gonzalez asked about what would happen to the land if this project was not approved. Executive Director Stark explained that it would depend and how developing three or four homes could be economically unfeasible for a builder.

Commissioner Elliott inquired about what would happen if the builder did not have five purchase agreements by the deadline. Executive Director Stark explained the development agreement would become invalid. Commissioner Elliott mentioned other projects that sat around too long. Executive Director Stark stated that the project would come back to the Housing and Redevelopment Authority for review if the builder did not fulfill the terms of the contract.

Commissioner Sandahl spoke in favor of Endres Custom Homes, Inc.

Commissioner Regan Gonzalez asked about other options could be considered. Commissioner Elliott spoke of homeowners and believes the homeowners have a desire to purchase the property and would like to give the homeowners another shot.

Commissioner Sandahl spoke of current untended condition of site and believes it will provide upscale housing.

Executive Director Stark spoke of time constraints of project relating to future work being planned by Public Works and the current housing market.

Chair Supple mentioned the water run off situation and wants to make sure it is clearly looked at by engineering staff.

Commissioner Sandahl stated it is a good opportunity that may not come back. Commissioner Vrieze Daniels stated that she agrees with giving the development a shot.

Dustin Endress, of Endress Custom Homes, Inc., addressed drainage concerns and spoke of how building four homes opposed to five would not change anything other than driving up the cost of the four homes. Five homes are required to cover the cost of the road without being priced higher than other homes.

Chair Supple took the vote.

Motion carried 3-2, with Commissioners Regan Gonzalez and Elliott voting against the proposal.

ITEM FOR COUNCIL CONSIDERATION:

Consideration of the approval of a Professional Service Agreement with People with CAPES to provide a needs assessment at Richfield Towers.

EXECUTIVE SUMMARY:

The Housing and Redevelopment Authority (HRA) 2019 Budget set aside \$5,000 for a Rental Housing Support pilot program to support and strengthen the City's apartment community. For the pilot program, the nonprofit group, "People with CAPES" has been hired to conduct an assessment of needs at Richfield Towers (7717 Chicago Avenue), a project-based Section 8 apartment community for people who are 62 years and older or disabled.

People with CAPES will work on-site at Richfield Towers for 10-15 hours a week over a period of 12 weeks, building relationships with both residents and management staff. People with CAPES will assess needs and identify gaps in services and provide a written report to staff at the end of the assessment period. At a minimum, People with CAPES will develop recommendations and strategies in the areas of hoarding, the inspections process, communications, and tenants rights and responsibilities. The cost for the 12 weeks of services is \$5,000.

RECOMMENDED ACTION:

By motion: Approve a Professional Service Agreement with People with CAPES to provide a needs assessment at Richfield Towers.

BASIS OF RECOMMENDATION:

A. HISTORICAL CONTEXT

- Richfield Towers, 7717 Chicago Avenue, is a 150-unit, project-based Section 8, independent living apartment building for people who are 62 years and older or disabled.
- People with CAPES provides supportive services through the Economic Development Authority's Kids@Home Program. They have extensive knowledge and experience providing advocacy, parenting, education and support services to individuals, families, teens and children, including people with disabilities.

B. POLICIES (resolutions, ordinances, regulations, statutes, etc):

- In 2018, the HRA and City Council adopted a work plan for strengthening City's apartment community. The creation of a Rental Housing Support component in the Budget and subsequent

funding for a pilot program is part of these efforts.

C. CRITICAL TIMING ISSUES:

- People with Capes began working at Richfield Towers on August 5 and will be on-site for 10-15 hours a week through October 25, 2019.
- The results of the assessment will be used to develop a broader Rental Housing Support program for 2020.

D. FINANCIAL IMPACT:

- The cost of the services is \$5,000.
- The 2019 HRA Budget designates funding for a Rental Housing Support pilot program.

E. LEGAL CONSIDERATION:

- Staff and the HRA Attorney determined that signing a Professional Services Agreement with People with Capes is appropriate and should be ratified by the HRA.
- The HRA Attorney reviewed the Agreement.

ALTERNATIVE RECOMMENDATION(S):

- Do not approve the Professional Service Agreement.

of this Agreement. If disputes cannot be resolved informally by the Parties, the following procedures shall be used:

- A. Whenever there is a failure between the Parties to resolve a dispute on their own, the Parties shall first attempt to mediate the dispute. The parties shall agree upon a mediator, or if they cannot agree, shall obtain a list of court-approved mediators from the Hennepin County District Court Administrator and select a mediator by alternately striking names until one remains. Records shall be retained for three years from date of final payment with respect to the project. All reports, memos, and other data produced by the Contractor shall become the property of the HRA.

Stat. § 471.425.

11. MERGER AND MODIFICATION

12. DEFAULT AND CANCELLATION

The HRA shall have the option to terminate this Agreement at any time. Termination shall be effective upon ten (10) days written notice to the Contractor.

EXHIBIT A
SCOPE OF WORK

The City is interested in better understanding the needs of residents and management at Richfield Towers, what might be done to address concerns, and what additional support might be needed. To that end, People with Capes will provide a presence at Richfield Towers for 10-15 hours a week over a period of 12 weeks. During this 12-week period, People with Capes will:

1. Assess the needs and concerns of residents.
2. Identify gaps in services.
3. Assess the needs of property management.
4. Assess sources of conflict.
5. Provide regular updates to City staff to report observations and evaluate progress.

At the end of the 12-week period, People with CAPES will provide the City with a written report on what has been observed and offer recommendations for addressing concerns and challenges.

Specific areas to develop recommendations and strategies include, but are not limited to:

1. Hoarding
2. Inspections process
3. Communications
4. Tenant rights and responsibilities training

equates to a \$17,869 increase.

- The levy is approximately \$51,081 less than the maximum HRA levy established by law of the .0185% of the City's total taxable market value net of market value exclusion.

E. LEGAL CONSIDERATION:

N/A.

ALTERNATIVE RECOMMENDATION(S):

- The HRA could adopt a preliminary levy less than the one proposed herein. However, that would not provide for programs that are recommended in the 2020 Proposed/2019 Revised budget.
- The HRA could also adopt a higher preliminary levy than is being recommended. Staff's recommendation was based on: a) the projected financial requirements of the HRA for 2020, and; b) the overall tax burden on property owners for the combined City, HRA and EDA levies.
