To Our Customers, Stakeholders and Friends:

In fiscal year 2009, the Housing Authority of the City of San Buenaventura (HACSB) continued to implement its mission of providing attainable housing choice opportunities for deserving families. Working collaboratively with our customers, staff, partners and key stakeholders, the agency put forth its best effort to ensure that those choices were attainable in healthy, strong, vibrant and sustainable communities which had a mixture of housing choices and economic development opportunities for families of various income levels. An example of this is our partnering on the Working Artist Ventura (WAV). We worked cooperatively to ensure that 15 homeless families will live in the nation's first solar- and LEED-certified green building arts community.

During these difficult economic times, HACSB saw its waiting list for all of its affordable housing programs increase by 27 percent. We ended our fiscal year with all of our federal housing programs maxed out. All 716 public housing units were fully occupied with an average unit vacancy turnaround of 5.12 days. Our Public Housing waiting list grew from 1253 families in September 2008 to 1878 families in September 2009. Our Housing Choice Voucher program ended the year at a 99.83% lease up rate and its waiting list went from 2697 to 3144 families for September 2008 and September 2009 respectively. Even with this increase in need, HACSB never closed its waiting list and continued to actively pursue ways to get more affordable units on the ground.

Ed Moses Chief Executive Officer

In our efforts to build more housing units, we sought out alternative methods of funding from sources other than federal public housing dollars. In addition to the 15 WAV supportive housing units that came on line in September 2009, we received financing this year to develop three projects totaling 69 units for families earning no more than 60 percent of the area median income (AMI). These new sources include tax credit combined with other public/private local and state financing programs. These units should be coming on line starting in the Spring/Summer of 2012.

Here at HACSB, we strongly believe that in order to have healthy, strong, vibrant and sustainable neighborhoods you have to also equally invest in the human capital that gives the neighborhood its vitality. To that end we provided personal, educational and economic development opportunities for our customers throughout the year.

Kay Doyle Board Chair

In 2009 we saw the creation of a number of firsts: the start up of and contracting with a Resident-Owned Business (ROB), the completion of a leadership training summit and the implementation of a green jobs training program. These are among a number of successful programs offered by our Resident Services Department to position the families we serve to better gain access to essential commodities in the conventional market place in a manner that allows for the achievement of personal goals related to literacy and education, health and wellness, job training, employment and contracting opportunities that lead to economic self-sufficiency, homeownership and strong livable communities.

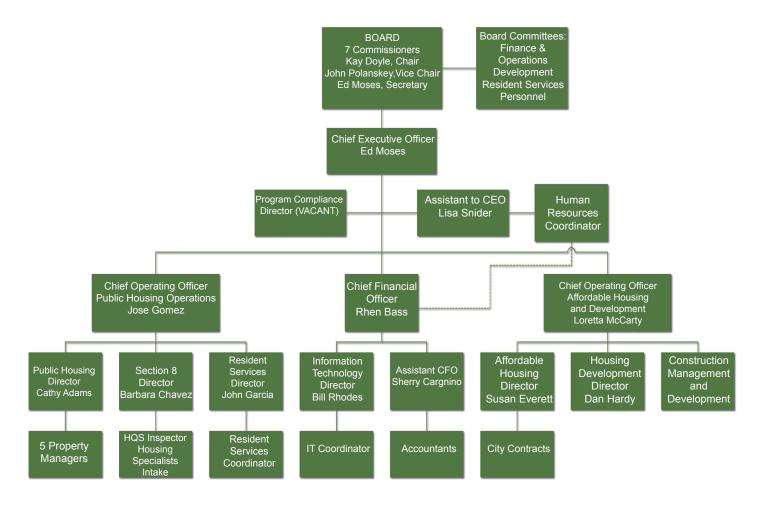

HACSB has also maintained its "High Performer" status by fully embracing and operating under its set of core values: Work Ethic, Integrity, Teamwork, Respect, Customer Service and Community. In 2009 we received scores of 91 and 145 (a perfect score) respectively from HUD under the Public Housing Assessment System (PHAS) and Section 8 Management Assessment Program (SEMAP). We also saw our Standard & Poor's Issuer Credit Rating (ICR) rise from an "A" in 2008 to "A+" in 2009.

For over 60 years we have continually provided safe, secure, affordable and livable homes in strong neighborhoods to deserving families who live and work in the City of Ventura. We could never have done this without the support and cooperation of our customers, stakeholders, staff and partners. We would like to thank all of you; particularly members of the Ventura City Council and the City Manager and his staff, for the vital role you have played in the successful delivery of all services.

You have our heartfelt thanks. We look forward to working collaboratively with you in 2010, and may the New Year bring you happiness, good health and success!

Warm Regards, **Ed Moses,** Chief Executive Officer **Kay Doyle,** Chair of the Board of Commissioners

We serve approximately 2000 low and moderate income families in the City of Ventura. These pages detail how our divisions performed in 2009.

Section 8/Housing Choice Voucher (HCV) Highlights:

The HCV program issues up to 1189 vouchers that provide financial assistance to qualified applicants to help them find affordable rental housing through private landlords.

The Department of Housing and Urban Development (HUD) recently reviewed the HCV program and found our agency to be a "High Performer," the highest designation given by HUD. The most recent Section 8 Management Assessment Program review by HUD yielded a perfect score of 145, up from the 2008 score of 141.
