**Hope VI, Mixed Finance Modernization or Development, Demolition and/or Disposition, Conversion of Public Housing, Homeownership Programs, and Project-based Vouchers.** *Include statements related to these programs as applicable.*

7.0

- The PHA has not received a Choice Neighborhoods (CNI) or HOPE VI grant, but plans to apply for one or both grants when offered again for the demolition and disposition of public housing inventory, resulting in a density increase of units: CA16P035-01&02 Westview Village (potential replacement of 180 public housing units plus additional 170 affordable units) as well as one scattered site duplex home in CA16P035-010 Mission Ave.
- The PHA may engage in mixed-finance development activities for public housing in the Plan year, which would be affiliated only with the above-referenced projects, if the PHA receives funding for the project in the Plan year.
- ~~The PHA plans to submit to the Special Applications Center (SAC) a request to demolition/disposition: 180 public housing units located in project numbers 035-1 (231/405 W. Vince, 232/242 W. Flint, 1051/1156 Riverside St.) and 035-2 (246 & 260 W. Vince, 233/237/243/257 W. Flint, 229/356 W. Warner, 236/357 W. Barnett, 913/949/985 Snow Court), and 2 units located in project number 035-010 (114/116 Mission Avenue).~~
- ~~The PHA may also redevelop eight (8) housing units located in project number 035-08 (217/233 Harrison Ave.) and 323/329 W. Park Row Avenue in the future, increasing the number of units on the site.~~
- ~~The PHA is pursuing the disposition of the following units to the Agency's affiliate non-profit TRIAD Properties: Project numbers 035-08 (206 Kellogg St., 332 Valmore Ave., 1330 Elsinor Ct., 3157 & 3158 Channel Dr., ), 035-10 (10373 Darling Road, 10408 Jamestown St., 218 E. Kellogg St., 1325 Cachuma Dr., 239 Dos Caminos Ave.), and 035-12 (135 Harding Ave.). We do not want the ACC to be reduced by eleven (11) units but instead intend to increase the density of the units at Westview, Harrison and Park Row above, transferring the 11 units from scattered sites to these two sites.~~
- The PHA administers a Section 8 Homeownership program pursuant to Section 8(y) of the U.S.H.A. of 1937, as implemented by 24 CFR Part 982. The minimum qualifications for this program are:
  - An active Family Self-Sufficiency (FSS) Program Participant or FSS graduate who is still on the Voucher Program with a minimum escrow balance of \$5,000, or Voucher participant with personal savings of \$5,000.
  - A first-time homebuyer or have not had ownership in any home within the past three years.
  - Employed full-time (at least 32 hours per week), unless disabled or elderly
  - Have been continuously employed for at least 12 months, unless disabled or elderly
  - Cannot owe money to any Housing Authority and must be in good standing with the Voucher program.
  - Both pre and post Homeownership counseling and education is required.
  - Must qualify for a mortgage loan at a financial institution.
  - Annual earned income should be at least 50% of the County Median income adjusted for family size
  - Balloon payment mortgages, variable interest rate loans, adjustable loans and interest only loans are prohibited
  - Agency approval must be obtained for refinancing a home purchased through the Housing Choice Voucher Homeownership Program; refinancing for an amount greater than the current loan balance is prohibited
  - HCV Homeownership participants must comply with the responsibilities outlined in HUD Form 52649 and also establish a savings account earmarked specifically for home repairs within 90 days of closing escrow
- The PHA plans to project-base Section 8 vouchers in the coming year. Project-basing is a more viable option over tenant-based vouchers because of the following circumstances: access to neighborhoods outside of high poverty areas, source of stable operating funds for new construction and to ensure well-maintained units for very low income persons. **Project-basing is consistent with the PHA 5-Year and Annual Plan objectives of expanding the supply of assisted housing, improving the quality of assisted housing and increasing assisted housing choices.**  
 The Agency currently has **115 (8.55% of ACC voucher count)** project based vouchers providing subsidy as follows:
 

Chapel Lane Senior Apartments	38
The WAV	15
Triad	22
Soho	12
El Patio	28

In the future, the agency will consider 24 PBV units — Hanson Trust (farmworker housing family units located in East Ventura. Voucher assistance application in process) and may consider 75 vouchers for revitalization of Westview Village and 35 vouchers for two potential local non-profit developments. **In the upcoming PHA Plan Year, the agency will consider requesting proposals to project-base vouchers in the following neighborhoods: East Ventura, Midtown, Downtown, and the Westside Neighborhood Revitalization Strategy Area. The PHA will give preference to proposals that target the following families: senior/disabled, homeless and at risk of homelessness, and very low income families.**
- **The PHA plans to consider project-basing Veteran's Affairs Supportive Housing (VASH) vouchers in the coming year. Similarly to project-based Section 8 vouchers, project-based VASH vouchers can benefit the homeless veterans and the Veterans Administration by providing a stable source of operating funds for new construction and that ensure well-maintained units. Providing services at a single location for case management personnel is made easier with project-based VASH.**

	<ul style="list-style-type: none"> <li>The PHA analyzed its ability to apply for RAD (Rental Assistance Demonstration) in 2012, which would result in public housing units converting to non-profit ownership and rents subsidized with Project-Based Vouchers. PHA staff determined that the program would be feasible and therefore an application was submitted to convert Asset Management Project (AMP) 2, which consists of 144 public housing units at the following properties, to RAD assistance: <ul style="list-style-type: none"> <li>-The Palms, 137 South Palm Street (Elderly/Disabled, 0 Bedrooms: 26, 1 Bedrooms: 49)</li> <li>-Mission Park, 66 North Ventura Avenue (Elderly/Disabled, 1 Bedrooms: 52, 2 Bedrooms: 1)</li> <li>-Training for Independent Living, 148 South Palm Street (Family, 1 Bedrooms: 3, 2 Bedrooms: 11, Offices: 2)</li> </ul> <p>Of the 144 units, two are currently being used as offices, and will remain as office use after conversion. The bedroom distribution of the units will not change. No converted units will be transferred off-site.</p> <p>On December 19, 2012, HUD announced its intent to award a Commitment to enter into a Housing Assistance Payment contract (CHAP) for this Development to the PHA. PHA staff plans to work with HUD, residents, and other stakeholders to prepare for and undertake necessary modernization work at these properties, which may involve temporary relocations during construction. The PHA will provide current residents with additional information regarding this program and the rights afforded to them during the conversion process. <del>New policies and procedures may be developed consistent with HUD guidance for the program, and the PHA will keep residents informed of all proposed changes/modifications relating thereto.</del></p> <ul style="list-style-type: none"> <li>The PHA plans to submit a RAD phased portfolio application for 560 units to HUD as described in <b>Attachment R</b>. 140 units are already under an awarded CHAP for the AMP 2 conversion described above. Attachment R details the conversion of an additional 425 units to RAD, therefore a 5 unit De Minimis reduction in total unit count is planned. Scattered site projects (CAL 35-8, CAL 35-10 – not including 1216 E. Santa Clara, and CAL 35-12) will have their assistance transferred to other RAD conversion projects or be removed through De Minimis reduction and will be sold once declarations of trust are released by HUD through the RAD application process. In selling these units, preference will be given to first time homebuyers and the proceeds will be used as equity or gap financing in other RAD rehabilitation projects. The PHA plans to retain 244 public housing units under its ACC, but anticipates an increase in affordable units inventory-wide through these projects.</li> <li>Should the Moving to Work Demonstration Program be expanded, the PHA will apply for participation.</li> </ul> </li> </ul>

**Housing Needs.** Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

9.0

Income <= 30% of AMI	2,406	5	5	4	5	4	N/A
Income >30% but <=50% of AMI	1,968	5	5	4	5	2	N/A

White	12,247	4	4	4	5	2	N/A

**NOTE:** "Overall" Needs column figures represent the estimated number of renter families that have housing needs. For the remaining characteristics, the impact of that factor on the housing needs for each family type was rated from 1 to 5, with 1 being "no impact" and 5 being "severe impact." N/A indicates that no information is available upon which the PHA can make this assessment. The information for the chart was taken from the 2010-2015 City of Ventura Consolidated Plan.

**Strategy for Addressing Housing Needs.** Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

The PHA plans to maximize the number of affordable units available to the PHA within its current resources by a variety of means:

- Employ effective maintenance and management policies to minimize the number of public housing units off-line,
- Reduce turnover time for vacated public housing units, reduce time to renovate public housing units,
- Seek replacement of public housing units lost to the inventory through mixed finance development,
- Maintain or increase Section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction,
- Continue measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required,
- Maintain or increase Section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration,
- Maintain or increase Section 8 lease up rates by effectively screening Section 8 applicants to increase owner acceptance of program,
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies.

9.1

The PHA also plans to increase the number of affordable housing units by a variety of means:

- Apply for additional Section 8 units should they become available,
- Leverage affordable housing resources in the community through the creation of mixed-finance housing, and pursue housing resources other than public housing or Section 8 tenant-based assistance **particularly through the RAD program and LIHTC program where feasible.**

The PHA will also utilize available funding to target families at or below 30% of AMI, families at or below 50% of AMI, the elderly, and families with disabilities.

The PHA will increase awareness of PHA resources among families of races and ethnicities with disproportionate needs, and conduct activities to affirmatively further fair housing.

We are consistent with the discussion on Page 50 of the City of Ventura's Consolidated Plan as well as their Analysis of Impediments to Fair Housing, which discuss public housing strategies. We are consistent with a variety of specific housing objectives, listed below:

- Support programs to preserve existing affordable housing stock
- Provide for reduction of lead-based paint hazards
- Promote homeownership for first-time homebuyers
- Support affordable rental housing in cooperation with the City Housing Authority
- Support Public Housing Renovation Programs
- Expand affordable and workforce housing through local funding and partnerships with housing developers
- Promote equal opportunity by contracting for fair housing and counseling services
- Continue support for the City's affordable housing program
- Maintain and improve the quality of low-and moderate-income neighborhoods
- Maintain long-term affordability of City affordable housing program (AHP) units

**Additional Information.** Describe the following, as well as any additional information HUD has requested.

(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5- Year Plan.

The Housing Authority of the City of San Buenaventura continues to provide well-maintained units for our residents and we continue to ensure public housing complexes operate effectively and efficiently. In that regard, we continue to review and will update our Physical Needs Assessment and Management Assessment to ensure each AMP is operating in a cost-effective manner. We continue to initiate direct contact with local owners and property managers to ensure a diverse inventory of rental properties available outside the identified tracks that are at or below the poverty-income level to all program participants. The Agency also received 50 VASH vouchers that we added to our voucher inventory and will continue managing.

The Agency continues to offer enhanced services to residents of all age levels, including a homework center for children, and exercise and health education programs for residents, all managed by our Resident Services department. We have increased computer learning activities/classes that reinforce and encourage computer use for empowerment, educational and employment purposes. In order to encourage self-sufficiency efforts in all residents, the Family Self Sufficiency (FSS) Program is offered to Section 8 and Public Housing residents. We continue to implement the FSS Program for all eligible clients, and the Section 8 Homeownership Program continues to be a tool to assist residents to move into homeownership.

The Agency continues to seek opportunities to develop additional low-income units in the community. To this extent, the Authority continues to participate in collaborative efforts to increase and improve the supply of affordable housing. Construction finished on a 12-unit family project in October 2011 and is fully occupied. All families will receive supportive services through the FSS Program and the rents will be subsidies with Project-Based Section 8 voucher assistance. The Authority is also nearly finished construction on a 37-unit family building in downtown Ventura, with completion slated for June 2012. The Agency also plans to begin construction on farmworker housing family units in future years, 24 units of which will be supported by project-based vouchers. The Housing Authority's associated non-profit organization owns and manages 22 non-HUD units in the Agency's inventory. The Agency provided 15 project-based vouchers to WAV – Working-Artists Ventura and will provide 28 project-based vouchers to El Patio. The non-HUD units can be used to leverage other funds, enabling the development of additional low/very low income housing in the community.

10.0

The Agency also continues to seek cost-effective ways to renovate or modernize public housing units, utilizing a trained resident force account as best applicable. The Agency also received a competitive ARRA grant of \$1.79 million to complete green energy improvements to one public housing apartment complex located at 1216 Santa Clara Street in Ventura, construction on which finished in March 2012.

The PHA will also assess the condition of all public housing units and, if over-concentration is evident or significant renovation is necessary, it will determine whether some units should be replaced elsewhere in the community and mixed income units developed on-site instead. This would be accomplished using various tools including HUD Mixed Financing which requires the completion of the 20-year Physical Needs Assessment, and Management Assessment of the Agency. The Agency will assess the feasibility of demo/disposition of various public housing units including Westview Village, Mission Avenue, single-family homes and duplexes as listed previously. The Agency intends to apply to become a Move to Work Demonstration Program.

The Housing Authority of the City of San Buenaventura operates both its public housing and Section 8/Housing Choice Voucher (HCV) programs consistent with the required provisions of The Violence Against Women Reauthorization Act of 2005 (VAWA), specifically Section 606(1) of VAWA which adds the provision to Section 8 of the U.S. Housing Act of 1937 listing contract provisions and requirements for the HCV program. The Housing Authority of the City of San Buenaventura submits a report to the State of California Housing and Community Development Department on an annual basis, which indicates the number of evictions due to domestic violence activities in both public housing as well as in HCV-assisted units (there have been none to date). This data is tracked on a monthly basis and is reported to our Board of Commissioners on a monthly basis as well.

~~The Agency does not offer a preference on either the public housing or Section 8/HCV Program waiting lists for victims of domestic violence, dating violence, sexual assault or stalking. The Housing Authority of the City of San Buenaventura currently does not offer any activities, services, or programs provided or offered by an agency, either directly or in partnership with other service providers, to child or adult victims of domestic violence, dating violence, sexual assault, or stalking; The Housing Authority of the City of San Buenaventura currently does not offer any activities, services or programs provided or offered by a public housing agency that helps child and adult victims of domestic violence, dating violence, sexual assault, or stalking, to obtain or maintain housing; and The Housing Authority of the City of San Buenaventura currently does not offer any activities, services, or programs provided or offered by a public housing agency to prevent domestic violence, dating violence, sexual assault, and stalking, or to enhance victim safety in assisted families; however, we would make referrals on an as needed/as required basis to local service agencies.~~

(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"

The PHA defines "substantial deviation/modification" as when one of the policies outlined in the Plan is reversed. It defines "significant amendment" as adding a new Capital Fund Project to the Plan **that would require more than 25% of the annual Capital Fund appropriation, require work being done on more than 15% of a development's ACC unit count; or require the relocation of more than 4 neighboring occupied units.**

As part of the Rental Assistance Demonstration (RAD), the HACSB is redefining the definition of a substantial deviation from the PHA Plan to exclude the following RAD-specific items:

- a. Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
- b. Changes to the construction and rehabilitation plan for each approved RAD conversion; and
- c. Changes to the financing structure for each approved RAD conversion.

**11.0 Required Submission for HUD Field Office Review.** In addition to the PHA Plan template (HUD-50075), PHAs must submit the following documents. Items (a) through (g) may be submitted with signature by mail or electronically with scanned signatures, but electronic submission is encouraged. Items (h) through (i) must be attached electronically with the PHA Plan. **Note:** Faxed copies of these documents will not be accepted by the Field Office.
