

# Pathways to Home

Starting with just one phone call, the *Pathways to Home* program allows individuals and families to access homeless services through a coordinated process. The program includes a collaborative network of service providers who coordinate and connect people to resources to meet their needs. Any of the providers listed below can assist clients with the intake assessment for referrals through HMIS (Homeless Management Information System). There's no need to call multiple agencies. A phone call to any of the providers listed below is all it takes.
