# Pandemic Around the World

China, South Korea and Germany are all experiencing resurgence in cases (a second wave of infections?)

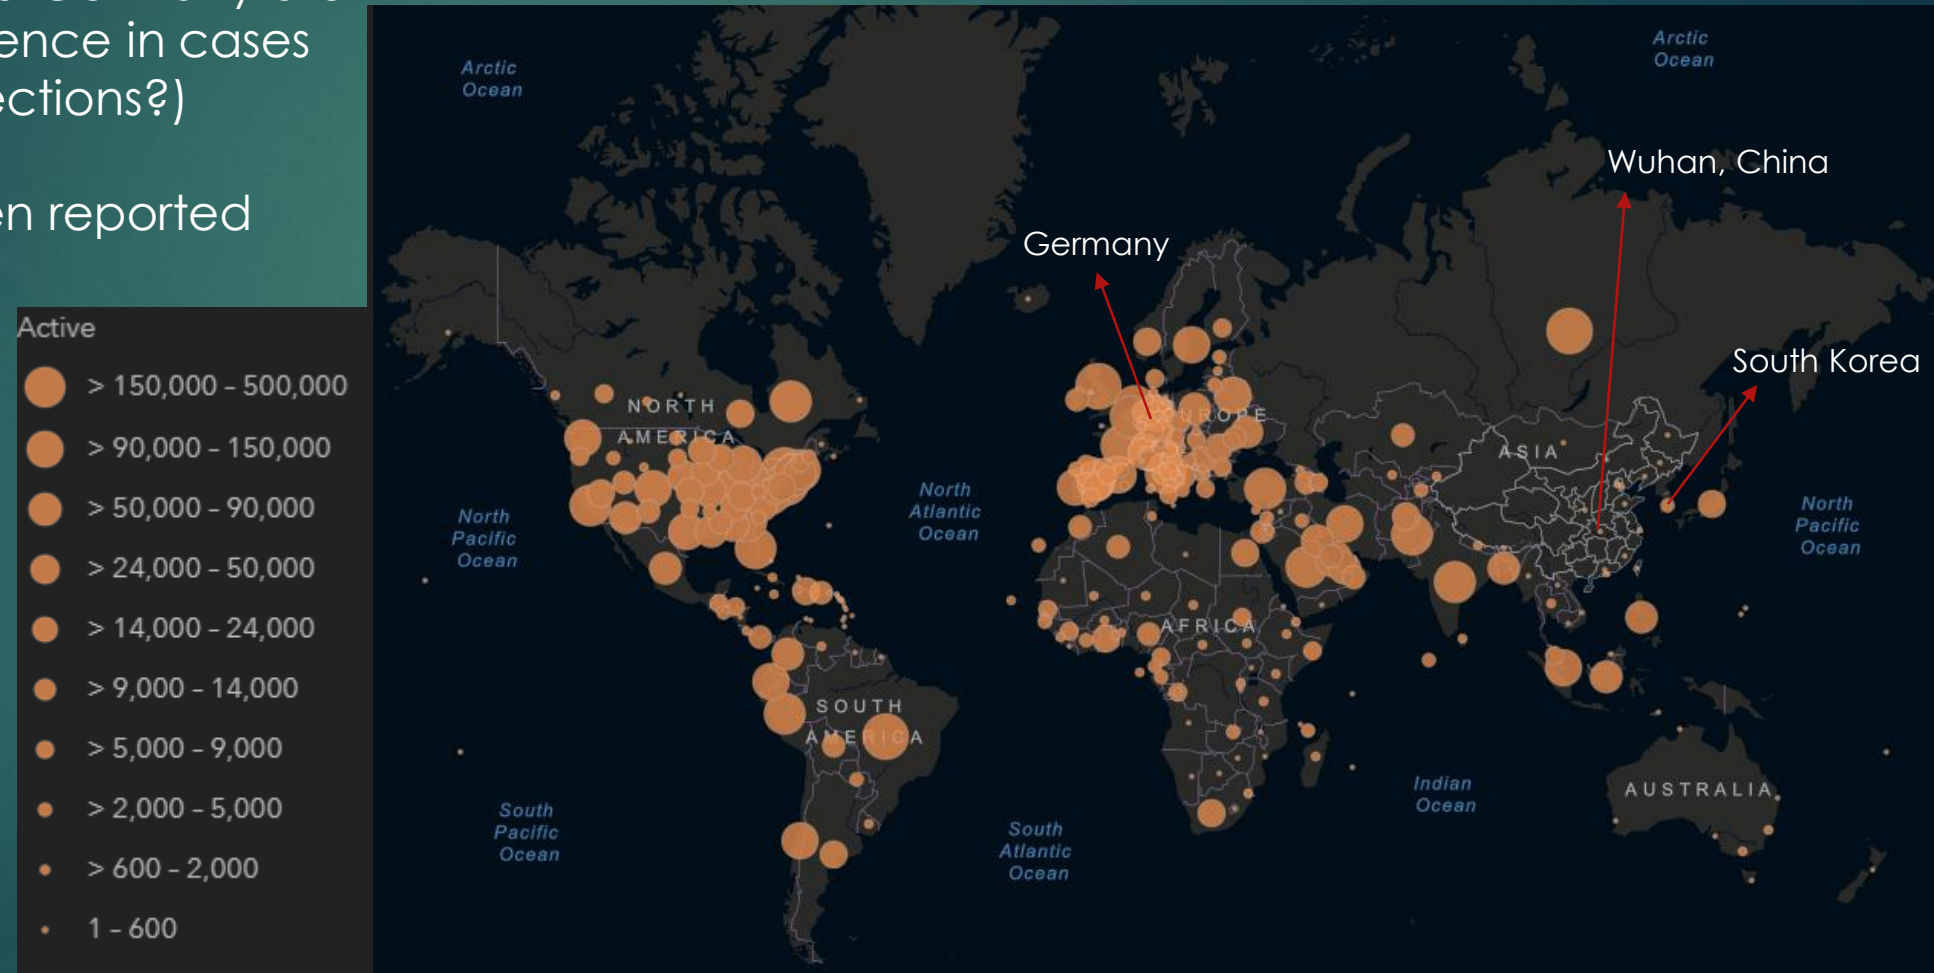

Re-infections have been reported (USS Roosevelt)

No vaccine

Masks for prevention

# Four Stage Plan

## **STAGE 1: Safety and preparedness**

Make workplaces  
safe for our  
essential workers.

## **STAGE 2: Lower-risk workplaces**

Gradually reopen  
retail (curbside  
only),  
manufacturing &  
logistics. Later,  
relax retail  
restrictions,  
adapt & reopen  
schools, child  
care, offices &  
limited  
hospitality,  
personal services.

## **STAGE 3: Higher-risk workplaces**

Adapt and reopen  
movie theaters,  
religious services,  
& more  
personal & hospit  
ality services.

## **STAGE 4: End of Stay Home Order**

Reopen areas of  
highest risk: e.g.  
Concerts,  
conventions,  
sports arenas.

City of Selma, County of Fresno,  
all other cities in the County of  
Fresno, Kings and Tulare Counties  
are all in:

## **Early Stage 2**

What does that mean?

# Residents

- ▶ Still encouraged to wear masks
- ▶ Limit unnecessary travel, shopping and exposure to other residents
  - ▶ Limit inter-county/city travel (especially with variances)
- ▶ Recommending no gatherings
- ▶ Participate in recreation activities only with members of your own household
- ▶ **Call City Hall or 2-1-1 for resources and information**

# Early Stage 2

Stay at home orders are still in effect with modifications.

Below businesses **can be open with modifications**. The state has issued guidance to help these workplaces reopen safely:

- ▶ retail (curbside and delivery only)
- ▶ related logistics and manufacturing
- ▶ office workplaces (telecommuting still recommended)
- ▶ limited services
- ▶ outdoor museums, botanical gardens
- ▶ essential businesses that did not choose to be open previously

# How to Open

Businesses may use effective alternative or innovative methods to build upon the guidelines. Before reopening, all facilities must:

- ▶ Perform a detailed **risk assessment** and implement a site-specific protection plan
- ▶ **Train employees** on how to limit the spread of COVID-19, including how to screen themselves for symptoms and stay home if they have them
- ▶ Implement individual control measures and **screenings**
- ▶ Implement **disinfecting** protocols
- ▶ Implement physical **distancing** guidelines

# What is not Open?

Everything else. The following sectors, businesses, establishments, or activities are **not permitted** to operate in the State of California at this time:

- ▶ Personal services such as hair and nail salons, tattoo parlors, gyms and fitness studios
- ▶ Hospitality services, such as bars, wineries, tasting rooms and lounges
- ▶ Entertainment venues, such as movie theaters, gaming, libraries
- ▶ Community centers, public pools, playgrounds, and picnic areas
- ▶ Religious services and cultural ceremonies\*
- ▶ Nightclubs
- ▶ Concert venues
- ▶ Live audience sports
- ▶ Festivals
- ▶ Theme parks
- ▶ Hotels/lodging for leisure and tourism

*\*As related to gatherings and close contact situations. Online services are recommended. County has guidance on Drive-in style services.*

# Late Stage 2

- ▶ Relax retail restrictions, adapt and reopen schools, child care, offices and limited hospitality and personal services.

**This list is flexible and can change with evaluation from the State**

- ▶ The County will need to provide a self attestation to move into the next stage more quickly (County Variance)

# County Variance

- ▶ Meet Readiness Criteria → progress quicker in State Roadmap
- ▶ File County Self Attestation (County letter sent on 5/15)
- ▶ Open the state/County in a way that minimizes the risk for COVID-19
  - ▶ Limiting non-essential movement and mixing of populations
  - ▶ Delaying the opening of environments of high risk to exposure

State is the lead on reopening. Lives lost, longer recovery, revocation of licenses for businesses and denied funding for cities are all potential risks for opening too early.
