**CITY MANAGER'S/STAFF'S REPORT

ITEM NO: 1.h.

SUBJECT: Consideration of a Resolution setting the date and time of regular City Council meetings to 5:30 p.m. pursuant to Section 1-5-1 (A) of the Selma Municipal Code

RECOMMENDATION: It is recommended that the City Council adopt a Resolution rescinding Resolution No. 2018-64R and setting the date and time of regular Council meetings to 5:30 p.m. on the first and third Monday of the month and direct City Staff to revisit the matter in six months.

DISCUSSION: Pursuant to the provisions of Section 1-5-1(A) of the City's Municipal Code ("Code"), regular meetings of the City Council are held on the first and third Monday of the month, with the exception of City holidays, where the regular meeting would default to the next regular business day.

Further, under Government Code Sections 36805 and 54954(a), the City is permitted to establish its meeting schedule by resolution rather than by ordinance, providing the City Council with the ability to change the dates and times of regular meetings without waiting for the adoption of an ordinance, and the 30-day period for it to take effect.

During the December 7, 2020 Selma City Council meeting, Mayor Robertson requested staff to place the discussion of beginning meetings at 5:30 p.m. if we have 2 presentations on the council agenda.

The matter was further discussed during the January 19, 2021 and the February 16, 2021 Selma City Council meetings, with Council ultimately voting unanimously to change the start time of regular Council meetings to 5:30 p.m. and revisit in six months.

RECOMMENDATION: It is recommended that the City Council adopt a Resolution rescinding Resolution No. 2018-64R and setting the date and time of regular Council meetings to 5:30 p.m. on the first and third Monday of the month and direct City Staff to revisit the matter in six months.

ITEM NO:

1.i.

SUBJECT: Consideration of a Resolution Adopting an amended Master Salary Schedule for all City Employees

RECOMMENDATION: Adopt the Resolution Approving amended Master Salary Schedule for all Employees of the City of Selma

DISCUSSION: Section 36506 of the Government Code of the State of California provides that the City Council shall, by resolution or ordinance, fix the compensation for all appointive officials and employees. Pursuant to Section 570.5 of Title 2 of the California Code of Regulations pay rates must be approved and adopted by the City Council and be publicly available in a salary schedule which identifies the position title, the pay rate for each position, which may be stated as a single amount or as multiple amounts within a range, and that indicates the time base, including, but not limited to, whether the time base is hourly, daily, bi-weekly, monthly, bi-monthly, or annually.

California Public Employees' Retirement System (CalPERS), pursuant to its interpretation of Title 2, California Code of Regulations section 570.5, recommends all CalPERS employers maintain their compensation levels in **one** publicly available document, approved and adopted by the governing body, which meets all of the requirements of Title 2 CCR section 570.5. CalPERS has indicated it may revisit their interpretation of Title 2 CCR section 570.5, however, at this time no documented change to their interpretation has been published. Therefore, in an effort to comply with CalPERS' current recommended interpretation of Title 2 CCR section 570.5 the City's various salary schedules, which have been previously individually approved and adopted by the City Council, have been consolidated into a single salary schedule.

Approval of the attached amended Master Salary Schedule, reflecting the new salary ranges effective March 1, 2021, will fix the compensation for all appointive officers and employees of the City, satisfying Section 36506 of the Government Code of the State of California and California Code of Regulations section 570.5.

RECOMMENDATION: Adopt the Resolution approving the amended Master Salary Schedule for all Employees of the City of Selma.

MEMORANDUM FROM INTERIM CITY ATTORNEY

February 25, 2021

TO: Mayor and Council

CC: Teresa Gallavan, City Manager

RE: Mayor and City Council Roles in Appointments to Boards, Commissions, and Committees

This memorandum is offered to provide some guidance to the Mayor and Council as to their respective roles regarding appointments to boards, commissions, and committees.

State Law Governs Appointments in General Law Cities

Government Code section 40605 provides as follows:

In general law cities where the office of mayor is an elective office pursuant to Article 5 (commencing with Section 34900) of Chapter 7 of Part 1 of Division 2 of Title 4, the mayor, with the approval of the city council, shall make all appointments to boards, commissions, and committees unless otherwise specifically provided by statute.

Questions have arisen in other jurisdictions as to the respective authority of the Mayor and the City Council in making appointments. While there is no case law interpreting Government Code section 40605, Attorney General Opinions have been issued that interpret it.

In 1998, the California Attorney General issued 81 Ops. Cal. Atty. Gen. 75 (hereafter 1998 AG Opinion). There, the Attorney General concluded that the process in Section 40605 applies to appointments (i) to regional boards, commissions, and committees, (ii) that a city ordinance requiring that appointments be made by the City Council, and (iii) to subcommittees of a city council.

The Attorney General noted that a city council's authority under Section 40605 may not be construed "to direct the mayor to appoint a particular person to a board, commission, or committee." It further reasoned: "Where section 40605 applies, it is the mayor's prerogative to make the appointment and the city council's responsibility to approve or reject the appointment." This quote followed with footnote 4 stating in part: "In this respect, section 40605 is similar to the 'advice and consent' provision of the United States Constitution."

A city does not have legal authority to adopt an alternative selection process by ordinance or resolution that is inconsistent with state law. See the 1998 AG Opinion.

Statutory Selection Under Section 40605

The general rule under Government Code section 40605 is not applicable where the State legislature has adopted statutes governing the process (per the language at end of the section which states “unless otherwise specifically provided by statute”). As explained by the Attorney General in the 1998 AG Opinion:

It is to be observed that some regional boards, commissions, and committees do not have their members selected by mayoral appointments, as specified in various state statutes. (See, e.g., Health & Saf. Code, § 40420 [South Coast Air Quality Management District]; Pub. Resources Code, § 29735 [Delta Protection Commission]; Pub. Utilities Code, § 30201 [Southern California Rapid Transit District]; Harb. & Nav. Code, § 16 [San Diego Unified Port District].

For this reason, the statutory selection process would be applicable to bodies such as the Mayors Selection Committee and the Selma-Kingsburg-Fowler County Sanitation District (“SKF”).

The Mayors Selection Committee is governed by state law. Government Code Section 50270 provides in part: “The membership of each such city selection committee shall consist of the mayor of each city within the county.” Government Code Section 50271(a) further provides: “When the mayor is unable to attend a meeting of a city selection committee, the mayor shall designate another member of the city’s legislative body to attend and vote at the meeting as the mayor’s representative.” Thus, the statutory selection process applies, and the general rule under Government Code section 40605 does not come into play.

This statutory selection process would also be applicable to appointments to the SKF Board. (See email to Mayor and Council dated 2/6/21 and attached to this memo.) The County Sanitation District state legislation provides that the Mayor sits on the SKF Board in the first instance and if the Mayor is absent, unable, or unwilling to attend an SKF Board meeting, the City Council may designate a member of the Council to serve.

Joint Powers Agreements

The general rule under section 40605 is not applicable where controlled by a joint powers agreement. As explained by the Attorney General in the 1998 AG Opinion:

Somewhat unique is a joint powers agency established under the Joint Exercise of Powers Act (§§ 6500-6599.) The composition of an agency’s governing body is controlled by the terms of the agreement. (§ 6508; see 78 Ops.Cal.Atty.Gen. 60, 65 (1995); 57 Ops.Cal.Atty.Gen. 295, 301 (1974).) Assuming the agreement does not specify how the selection is to be made, section 40605 requires the mayor to make the appointment subject to the approval of the city council.

Based on this, the general rule under Government Code section 40605 does not apply if the joint powers agreement regulates the selection process. If it does not regulate the process, only then does the general rule under Government Code section 40605 apply.

An example of this would be the joint powers agreement creating the Fresno COG. That agreement provides for by-laws which state that each city will be represented by the "Mayor and in Mayor's absence such councilman as may be present." Based on this, the Mayor is the primary representative and if the Mayor does not attend an alternate may attend.

Summary

The following from the 1998 AG Opinion sums up the general rule regarding the Mayor and Council's respective roles under Government Code section 40605: "We believe, instead, that the Legislature intended to create a system of checks and balances by placing the appointment authority in the hands of the elected mayor, while giving the city council the right to reject mayoral appointments. If a statute or a joint powers agreement addresses the appointments for particular entities, the statutory or agreement language for appointments would need to be followed.

Subject: RE: Council Request

Dear Mayor & Council,

The following is a response to Mayor Robertson regarding an apparent question that was raised at the January 19, 2021, Council meeting. Mayor Robertson asked that I confirm his understanding is correct and share my view with the Council.

Health & Safety Code § 4730.1 provides for the composition of a County Sanitation District's governing body. Relevant to the question at hand is Subsection (a)(2) which states:

(2) If the district includes territory which is within a city, other sanitation district, or public agency, the board of directors shall be composed of the presiding officer of the governing body of each city, other sanitation district, and public agency and the chairman of the county board of supervisors.

Per this language, the Mayor is correct that the Mayor of each member city of SKF sits on the SKF Board.

Health and Safety Subsection (a)(3) of Health and Safety Section 4730.1 addresses the question as to who sits on the Board in the event the Mayor does not. It provides:

(3) The governing body of each county, city, sanitation district, and public agency having a representative on the board of directors may designate one of its members to act in the place of its regular member in his or her absence or his or her inability or refusal to act.

I agree with the Mayor that if the Mayor is absent, unable, or unwilling to attend an SKF Board meeting, then the City Council may designate one of its members to serve on the SKF Board.

Additionally, I note that SKF Resolution No. 1 adopted in April 1970, is consistent with the above.

Please let me know if you need additional information regarding this matter.

Respectfully,

Hilda

If the sanitation district includes territory which is unincorporated and not included in a sanitary district, then the presiding officer of the county board of supervisors is a member of the board.

The governing body of each city with a population of under 2,500,000, as found by the latest census, and the board of supervisors shall each select one of its members, other than its presiding officer, as an alternate director to act as a member of the district board in place of the presiding officer, or in place of the other member of the governing body of the city or county where there are two members from the city or county on the board of directors of the district, during such person's absence, inability, or refusal to act.

The presiding officer of the governing body of a city with a population of 2,500,000 or over shall select one of the other members of the governing body as an alternate director to act as a member of the district board in place of the presiding officer, or in place of the other member of the governing body of the city where there are two members from the city on the board of directors of the district, during such person's absence, inability, or refusal to act. The governing body of each sanitary district represented on the board of directors of a sanitation district shall select one of its members as an alternate director to act as a member of the district board in place of its regular director, or in place of the other member of the governing body of the sanitary district where there are two members from the sanitary district on the board of directors of the district, during such person's absence, inability, or refusal to act.

If the sanitation district includes unincorporated territory and all or part of one city and no sanitary district, or unincorporated territory and one sanitary district and no city, then the presiding officer and one other member of the board of supervisors are members of the board, unless the population included in the city or sanitary district is more than half of the population of the whole sanitation district, in which case the presiding officer of the board of supervisors and the presiding officer and one other member of the governing body of the city or two members of the governing body of the sanitary district, as the case may be, constitute the board of directors.

If the total number of cities and sanitary districts included in the sanitation district in whole or in part is two and if the sanitation district does not include any territory not in cities or sanitary districts, then the district board includes the presiding officer and one other member of the governing body of the city or two members of the governing body of the sanitary district having the greatest population and the presiding officer of the governing body of the city or one member of the governing body of the sanitary district having the least population.

If the total number of cities and of sanitary districts wholly or in part within the sanitation district is two or more, and if, in addition, the district contains unincorporated territory, then the district board includes the presiding officer of the board of supervisors, the presiding officer of the governing board of each city, and a member of the governing board of each sanitary district.

If the district includes no territory which is in cities or sanitary districts, then the county board of supervisors is the board of directors of the district.

If the territory of the district lies wholly within a city, the legislative body of said city is the board of directors of the district.

A city within a sanitation district, the sewerage portion of which city lies entirely within a sanitary district, shall have no representation on the board.

Notwithstanding the foregoing provisions of this section, whenever a sanitation district includes unincorporated territory and all or part of one city and no sanitary district, the governing body of such city may designate the board of supervisors of the county as the district board of directors, unless the population of the incorporated portion of the sanitation district is more than half of the population of the whole district. If the population of the incorporated portion of the sanitation district is more than half of the population of the whole district, the board of supervisors of the county may designate the governing body of the city as the district board of directors.

The term "sanitary district" as used in this section shall mean a sanitary district formed prior to the formation of the sanitation district in which it is included in whole or in part. The term "sanitary district" as used in this section shall also include a county water district which on or before July 1, 1977, assumed the responsibilities, rights, duties, assets, liabilities, and obligations of a sanitary district which at the time of such assumption had representation on the board of directors of the sanitation district by the provisions of this section.

(Amended by Stats. 1979, Ch. 35.)

4730.1.

(a) Notwithstanding the provisions of Section 4730, the resolution of intention to form the district and the order of formation of the district may provide that the governing body of the sanitation district shall be constituted in accordance with this subdivision or subdivision (b) or (c).

(1) If the district includes no territory which is within a city, other sanitation district, or public agency, the county board of supervisors is the board of directors.

(2) If the district includes territory which is within a city, other sanitation district, or public agency, the board of directors shall be composed of the presiding officer of the governing body of each city, other sanitation district, and public agency and the

chairman of the county board of supervisors. If the chairman of the county board of supervisors and the presiding officer of the governing body of each city, sanitation district, and public agency constitute an even number, a member of the county board of supervisors appointed by the board of supervisors or, in the alternate as determined by the board of directors, a resident of the district elected by the registered voters of the district for a four-year term, shall be a member of the board of directors of the district.

(3) The governing body of each county, city, sanitation district, and public agency having a representative on the board of directors may designate one of its members to act in the place of its regular member in his or her absence or his or her inability or refusal to act.

(4) The governing body of any city, sanitation district, or other public agency may designate a member of the county board of supervisors to serve as its representative member on the board of directors of the district in the place of the presiding officer of its governing body; in that case, the supervisor shall have one vote for each city, sanitation district, and public agency represented by him or her.

(b) (1) The board of directors may be composed of directors who are residents of the district elected by the registered voters of the district for four-year terms.

(2) The number of directors on an elected board shall be determined, subject to the requirements of Section 4730 and subdivision (c), by the board of directors of the district, if any, in existence prior to the election.

(c) (1) In the Arvin Sanitation District in Kern County only, if no board of directors is in existence prior to the election, the county board of supervisors shall determine, subject to the requirements of Section 4730 and subdivision (d), the number of directors on an elected board.

(2) The district shall reimburse the county for any reasonable costs incurred by it for the conduct of elections required by this subdivision.

(d) The governing body of a sanitation district is a board of directors composed of an odd number of not less than three members.

(e) "Public agency" as used in this section means any sanitary district, public utility district, resort district, county water district, municipal water district, sewer maintenance district, or county maintenance district, engaged in the collection, transportation, treatment, or disposal of sewage or any other public agency empowered to, and engaged in, the collection, transportation, treatment, or disposal of sewage.

RECOMMENDATION City Staff is requesting that this public hearing be taken off calendar due to a change in ownership in the property.
