

Shelbyville Parks and Recreation Department

Mission Statement

To enhance the quality of life by being a principal provider of programs and services for a healthy community.

Development of Core Values

The core values reflect the agency's purpose and mission. The employees of recreation and parks department believe in their core values and strive daily to be sure they are exhibiting a professional image.

Excellence

To manage quality recreation programs, service and facilities while promoting a welcoming atmosphere that ensures all citizens are treated in a friendly, professional and respectful manner.

Leadership

To display visionary leadership skills in the field of parks and recreation and through professional training, continue to develop and promote leadership skills in every employee.

Partnership

To collaborate and build positive relationships with organizations, other departments, and corporate sponsors in order to maximize our department's opportunities, effectiveness and visibility in the community.

Diversity

To promote an environment that values the diversity of our community by offering programs, services, staff and opportunities which promote a healthy lifestyle for all citizens of Shelbyville and Bedford County.
