ADDITIONAL PARCEL DESCRIPTIONS

- **Open Space Parcel** 1.9 acres
Meriden Waterbury Turnpike
- **Burritt Street** 8.4 acres
Burritt Street
- **Darling Street** 10 acres
Darling Street
- **LePage Parcel** 6.2 acres
Shuttle Meadow Road
- **Jurglewicz Parcel** 30 acres
Located across from Royal Oak Drive, the Jurglewicz Parcel is roughly 30 acres. In the southeast portion of the site, Dayton Brook flows through a forested wetland. The remainder of the site consists of evergreens and hardwoods. Fisher, weasel, deer, coyote and wild turkeys frequent the site for shelter and food sources.

SOUTHINGTON

OPEN
SPACE

*The Open Spaces in
this brochure belong
to the Town of
Southington. We
encourage residents
to go enjoy them.
Thank you for your
continued support of
land preservation in
Southington.*

The Southington Open Space Committee is dedicated to the preservation and recreational use of open land, sensitive natural areas and historic rural character.

Open space uses include fishing, hiking, bicycling, picnic areas, playing fields, kayaking, boating and cross-country skiing.

Southington's open space parcels are limited to passive recreation. No motor vehicles please.

*Take only pictures and
leave only footprints.*

Property*

PARCEL DESCRIPTIONS

The Brown and Lewis Open Space 38 acres
Parcels are located off of East Street and include the large field and extensive swamp to the east. The field is in active cultivation under a lease agreement with the town. Trail fragments are present within the site and may be expanded in the future. Park adjacent to 207 East Street near the power lines. Look for the blue signs.

The Curtiss Open Space 34 acres
Located on the east side of South End Road just past the Curtiss Family farm stand. The site offers a large field and shallow pond skirted by briar thickets suitable for bird watching. An established trail lies within the property. Look for the blue open space signs and park adjacent along the roadway.

The Korin Property 70+ acres
Located off of East Street and is accessible through Copper Ridge Road at the end of the cul-de-sac. Camp Sloper also offers an access at the Memorial Forest Lot following the yellow trail. The site has significant topographic relief and has a well established trail. This area is great for wildlife observation and quiet daytime hiking.

The Marion Ave Property 17 acres
Located on 1346 Marion Ave south of Meriden Waterbury Turnpike. This site is primarily thick brush with a brook bisecting it. No formal trails are present, however, the site is an important addition to the inventory due to its habitat values and wetland resources. Roadside parking is available adjacent to blue signs.

The Holmquist Parcel 13 acres
Located on Kensington Road, just up from the corner of East Street. Classic Southington resources - field, wetlands, ledge and woodlands are all found here. Roadside parking is available adjacent to the blue signs.

The Novick Property 70+ acres
Located off of Flanders Road in the eastern part of town. This large tract is accessible from Flanders Road and offers significant views of the valley below. Trails are present within the parcel and water features include Patton Brook and associated wetlands. The site includes a former orchard and offers great diversity in habitat. Parking is allowed in the field.

The Griffin Parcel 47 acres
Located on Laning Street at the sharp curve. The parcel offers a large open field and undisturbed forest. Parking is available adjacent to the guard rail at the curve. Look for the blue signs.

The Goat Island Parcel 7 acres
Located at the north end of East Summer Street directly adjacent to the linear walking trail. Ample parking is available, as is access to the Quinnipiac River. Follow the paved drive to parking area.

The Crescent Lake Property 200 acres
Located on 495 Shuttle Meadow Road in the northeastern part of town. Ample parking is available and established trails run through the site. The property offers fishing, canoeing, picnicking and hiking.
