2.A Purposes

1. The various business districts are intended to provide suitable areas for business development appropriate to overall community and regional needs, the location and characteristics of the land, and the characteristics of the area.
2. The differentiation among the business districts is intended to provide for variety in the size and intensity of business development appropriate to community needs and desires.
3. The principal uses in business zones are commercial, devoted mainly to retail trading and service although some business zones may allow for certain non-business uses when it can be demonstrated that they shall be compatible with nearby uses and enhance neighborhood and community characteristics.
4. The Business Overlay Zone (BOZ) is an overlay zoning district which authorizes uses in addition to those allowed in the underlying zoning district and is not intended to prohibit the use of land as prescribed in the underlying zoning district.
