

# KINDERWILD NATURE-BASED PLAY AND LEARNING

## INSTRUCTOR BIO:

Jennifer Drechsler has her Masters in Early Childhood Education & Special Education and has had over 15 years' experience working with young children as an Early Childhood Special Educator and Early Intervention/Birth to Three teacher.

Following a break from full-time teaching to homeschool her own children, Jennifer wanted to combine her own love for nature with the importance of getting children outdoors daily, and began teaching Tinkergarten classes in 2022. She is passionate about supporting families in raising their child to become healthy, capable and curious learners by exploring the outside world.
