SPECIAL ORDERS OF THE DAY

5. NEW BUSINESS

5A. PUBLIC HEARING NO. 3 - TRANSITION TO DISTRICT BASED CITY COUNCIL ELECTIONS

The City Council adopted a Resolution of Intention on July 11, 2017, initiating the process to transition to district-based elections. Subsequently, the City entered into a contract with National Demographics Corporation ("NDC") to provide demography and district map preparation services. After two Public Hearings, the public was invited to submit potential district maps based upon adopted criteria. The deadline for public map submission was October 12, 2017, after which NDC collated and prepared draft district maps to present to the City Council and community during to receive public comments regarding submitted said maps at the third public hearing.

RECOMMENDED ACTION:

- 1. City Council find that this item is not subject to California Environmental Quality Act ("CEQA") pursuant to Sections 15378(b)(5)(Organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment); and
- 2. Conduct the third of five (5) required public hearings related to the creation of geographic voting districts and the drawing of district boundaries; and
- Provide Direction to staff.

6. ADJOURNMENT

I hereby certify under penalty of perjury under the laws of the State of California, the foregoing agenda was posted at the Post Office, Stanton Community Services Center and City Hall, not less than 24 hours prior to the meeting. Dated this 19th day of October, 2017.

s/ Patricia A. Vazquez, City Clerk	
------------------------------------	--

CITY OF STANTON

REPORT TO THE CITY COUNCIL

TO:

Honorable Mayor and Members of the City Council

DATE:

October 23, 2017

SUBJECT: PUBLIC HEARING NO. 3 - TRANSITION TO DISTRICT BASED CITY

COUNCIL ELECTIONS

REPORT IN BRIEF:

The City Council adopted a Resolution of Intention on July 11, 2017, initiating the process to transition to district-based elections. Subsequently, the City entered into a contract with National Demographics Corporation ("NDC") to provide demography and district map preparation services. After two Public Hearings, the public was invited to submit potential district maps based upon adopted criteria. The deadline for public map submission was October 12, 2017, after which NDC collated and prepared draft district maps to present to the City Council and community to receive public comments regarding submitted said maps at the third public hearing.

RECOMMENDED ACTION:

- 1. City Council find that this item is not subject to California Environmental Quality Act ("CEQA") pursuant to Sections 15378(b)(5)(Organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment): and
- 2. Conduct the third of five (5) required public hearings related to the creation of geographic voting districts and the drawing of district boundaries; and
- 3. Provide direction to staff.

BACKGROUND:

The City of Stanton currently utilizes an "at-large" election system in which electors from the entire City choose each of the five (5) Council Members. In a "by-district", or districtbased election system, in which the City is divided into separate geographic districts, each with one Council Member who resides in the district and is chosen by the electors in that district.

At its meeting of July 11, 2017, the City Council adopted a Resolution of Intention to transition to district-based elections and authorized the City Manager to engage the services of a demographer to assist with these efforts. While the Resolution of Intention references five Council Members (i.e., five Districts with Mayor selected annually from among the Council Members), the Council is free to determine the ultimate configuration of the City Council.

On September 29, 2017, the City Council held the first of five required public hearings related to the creation of geographic voting districts and the drawing of district boundaries. NDC provide information on the districting process and answered questions related to district based elections. At that time, the Council adopted the transition timeline.

On October 11, 2017, the City Council held the second of five required public hearings related to the creation of geographic voting districts and the drawing of district boundaries. NDC provide information on the districting process and answered questions related to district based elections. At that time, the Council further determined the number of voting districts at four with a directly elected Mayor.

ANALYSIS/JUSTIFICATION:

Over the last several years, cities, school districts, and community college districts throughout the State of California have been changing from at-large to district-based elections to comply with the California Voting Rights Act of 2001 (Elections Code §14025 et seq.). The California Voting Rights Act ("CVRA"), in conjunction with Government Code §34886, set forth the transition process, which includes: two public hearings; the drawing of draft maps; two additional public hearings; and finally, adoption of an ordinance selecting a district map and establishing the sequencing process by which staggered election districts will be implemented.

Discussion of the sequencing process, where the Council determines which geographic districts will be elected in 2018 and which districts will be elected in 2020, can occur during any stage of the Public Hearing process. Ultimately, the final sequence of district elections is reflected in the adopted Ordinance. If approved, a district-based election system would be phased in over two election cycles starting in November 2018, with full implementation in 2020. Each district would elect one Council Member to a four-year term.

As discussed at previous Public Hearings, maps must be population-balanced to be considered for potential adoption. The public submitted a total of two (2) maps, which were not population-balanced maps (Attachment A). At this point in the process, NDC has created multiple district sequencing scenarios for review by the City Council and the public (Attachment B). A representative from NDC will lead a review of the draft maps and answer questions. Based on comments received at or in advance of the third Public Hearing, NDC will refine the proposed maps into two to four potential districting maps for final consideration during the fourth Public Hearing on November 14, 2017.

Following City Council selection of the desired district boundary map, staff will present an Ordinance for introduction at the fifth Public Hearing, establishing the district boundaries and determining the sequence of district elections. Upon second reading, the Ordinance will be effective in time for the November 2018 General Municipal Election.

The remaining items on the adopted schedule for the transition are as follows:

Election Transition Schedule

3 rd Public Hearing	Monday, October 23 rd 6:00 p.m.	First consideration of draft maps. Draft maps available for public review.
4 th & 5 th Public Hearing Combined / one meeting	Tuesday, November 14 th 6:30 p.m.	Second consideration of draft maps narrowed down from maps proposed at Public Hearing #3. Introduction of Ordinance approving proposed districts, the final map, and sequencing of districts and/or directly elected Mayor if applicable (i.e., which districts are up for election in 2018 and 2020).
2 nd Reading Approval of Ordinance	Tuesday, November 28 th 6:30 p.m.	Final adoption of Ordinance approving Districts, maps, and sequencing.

FISCAL IMPACT:

Fiscal impact associated with the recommended action includes the cost of translations of the public hearing notices and related staff time.

ENVIRONMENTAL IMPACT:

This item is not subject to California Environmental Quality Act ("CEQA") pursuant to Sections 15378(b)(5)(Organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment).

LEGAL REVIEW

The City Attorney has reviewed and approved the accompanying resolution as to form.

PUBLIC NOTIFICATION:

Public notice for this item was publically posted and made through the regular agenda process.

STRATEGIC PLAN COMPONENT ADDRESSED:

Objective 5: Provide a High Quality of Life

Objective 6: Maintain and Promote a Responsive, High Quality and Transparent

Government.
