

JOHN DOUGLAS WARREN

City of Stanton Commissioner/Businessman

My family has called Stanton home for 53 years. As a third-generation resident, community volunteer for 18 years, board member of two Stanton non-profits, Eagle Scout, and Magna Cum Laude graduate in Public Administration, I am committed to keeping "Stanton First."

Public safety is my top priority. I will continue supporting our police and firefighters to keep Stanton safe. District 4 faces significant challenges with homelessness, transiency, and crime. I pledge to address these issues by enhancing enforcement, increasing affordable housing, and strengthening regional partnerships.

I will maintain a balanced budget, drive economic growth, and use your tax dollars effectively. Additionally, I will uphold essential public services, keep neighborhoods safe, defend Proposition 13, and protect homeowners' rights.

As a Stanton Parks, Recreation, & Community Services Commissioner, including chair for five years, I oversaw the renovation of seven city facilities, developed the Parks Master Plan, implemented safety measures, expanded senior and youth programs, increased transparency, and established a community service day. I am also on the Orange County Parks Commission.

Listening to Stanton residents and businesses is crucial. Together, we will keep Stanton a city of "Community Pride and Forward Vision." I ask for your vote on November 5.
