

**CITY OF STURGEON BAY
PARKING & TRAFFIC COMMITTEE AGENDA
MONDAY, June 28, 2021
4:30 p.m.
COUNCIL CHAMBERS, CITY HALL
421 MICHIGAN STREET**

1. Roll call.
2. Adoption of agenda.
3. Public comment.
4. Consideration of: Potential future sidewalk additions at the following locations:
 - Rhode Island Street: North side of the roadway in gaps between S. 12th Avenue and S. 14th Avenue
 - Memorial Drive: North side of the roadway in gaps between S. 12th Avenue and S. 15th Avenue
 - S. 12th Avenue: East of the roadway from Rhode Island Street to Memorial Drive
 - N. 14th Avenue: West side of the roadway from Egg Harbor Road to Bluebird Street
 - S. 15th Avenue: West side of the roadway from Rhode Island Street to Memorial Drive
 - N. 18th Avenue: West side of the roadway from Michigan Street to Georgia Street
5. Consideration of: Eliminating parking on the North side of Oregon Street between S. 4th and S. 5th Avenue.
6. Discussion of: Preferred detour routes for Bayview Bridge closures.
7. Discussion of: Placing a 4-way stop at the intersection of S. 1st Avenue and Pennsylvania Street.
8. Adjourn.

NOTE: DEVIATION FROM THE AGENDA ORDER SHOWN MAY OCCUR.

Notice is hereby given that a majority of the Common Council may be present at this meeting to gather information about a subject over which they have decision-making responsibility. If a quorum of the Common Council does attend, this may constitute a meeting of the Common Council and is noticed as such, although the Common Council will not take any formal action at this meeting.

Hello Colleen,

Please add this to the Agenda.

Consideration of :No Parking by City Police Department

The south and north side of Oregon Street between S. 4th and S. 5th Avenue as "no parking" .

Regards,
Kirsten

Subject: Parking Concern for Parking and Traffic Committee

Ms. Reeth, Mr. Nault, and Mr. Gustafson,

Our officers responded to a parking violation on Wednesday, June 16, 2021 on Oregon Street near S. 4th Avenue. When Officer Crabb and CSO Tebon arrived on scene, they found parking on Oregon Street was causing a substantial risk to motorists. Southbound motorist on S. 4th Avenue have their view blocked by parked vehicles on Oregon Street (when looking east). In fact, the southbound vehicle on S. 4th Avenue needs to creep into the intersection to see if there are westbound vehicles on Oregon Street. Officer Crabb (and I agree) believes that the best solution to the issue is to post both the south and north side of Oregon Street between S. 4th and S. 5th Avenue as "no parking". Currently the southside is posted as "no parking". I attached our police report to this email.

Feel free to contact me if you wish to discuss this further.

Thank you,

Clint Henry

Narrative

On June 16th, 2021, I assisted CSO Tebon with a parking complaint, at the intersection of Oregon Street and 4th Ave.

During this investigation, I noted when vehicles are parked on the north side of Oregon Street, in between 4th Ave and 5th ave, and between 4th Ave and 3rd Ave, it is difficult to see approaching vehicles coming from the east and west.

I also noted when I was stopped at the painted stop sign line, on 4th Ave at Oregon Street, facing south, my view was obstructed by the parked vehicles, on both sides of the intersection (east and west). I believe this creates a safety risk for motorists and pedestrians. In order to get a clear view of approaching vehicles, I had to slowly enter the intersection, to see around the parked vehicles.

Recommendations for a Safer Intersection:

CSO Tebon and I took photos of the intersection, which included the parked vehicles. These photos will be included with this report. I believe if the 2 hour parking sign on Oregon Street (closest to 4th Ave) is changed to a sign stating "No parking From Here to Corner", it would increase the visibility for motorists and pedestrians, which would decrease the risk of an accident. Also, I believe a "No Parking From Here to the Corner" sign, on the west side of the intersection, 45 to 50 feet from the pedestrian crosswalk line, should be installed for greater visibility.

However, there would still be an obstructed view for motorists/ pedestrians crossing Oregon Street at 4th Ave (east of the intersection, for southbound traffic). I believe the ideal solution to this problem would be to post the north side of Oregon Street, from 4th Ave to 5th Ave with "No Parking" signs, which are currently posted along the south side of Oregon Street, for northbound traffic.

Photo Log:

1-6: Photos of the 4th Ave and Oregon Street Intersection

Respectfully,

Officer Andrew Crabb #209

Hi Kerry,

Can you please add a discussion item to the parking and traffic meeting regarding the need for a 4 way stop at the intersection of S 1st Ave and Pennsylvania St. I received the request from Destination Sturgeon Bay recently, and the need for it has developed from increased pedestrian traffic in that area with the newly renovated Graham Park. Currently, it's a 2 way stop, only for traffic traveling north/south on 1st.

Thank you!

Spencer Gustafson
District 4 Alderman
Sturgeon Bay, WI
