[Confluence](#), designed by local sculptor [Robert L. Soukup](#), sails through the newly renovated **Graham Park, 10 Pennsylvania Street**, and was sponsored by Destination Sturgeon Bay through the generosity of private citizens and local businesses. This piece was produced entirely by the staff of Fincantieri Bay Shipbuilding in Sturgeon Bay.

[Bronze Eagle Monument](#), design rendered by Wisconsin artist [Mark Mille](#) and cast by Domus Dei Sud foundry in Rome, Italy sits atop the Veterans Memorial at Sturgeon Bay's **City Hall, 421 Michigan Street**.

Woolly by Carl Vanderheyden, roams the Sturgeon Bay Segment of the Ice Age Trail in **Bay View Park**, **10 West Larch Street**, and was a generous gift to the City of Sturgeon Bay from local citizens and businesses.

Garden Kaleidoscope by Sturgeon Bay artist Robert C. "RC" Anderson, is privately owned and displayed for public enjoyment by Stangel Accounting and Tax Office / MBE CPAs, **354 Michigan Street**, on the corner of Michigan Street and 4th Avenue.

Meadowlark by Milwaukee, WI sculptor Dan Bresnahan (formerly of Door County) is displayed in the Steel Bridge Creative District on the grounds of the Margaret Lockwood Gallery, **7 South Second Avenue** on the corner of Second Avenue and Michigan Street. The sculpture faces and is best viewed from Second Avenue.

September Shore by Milwaukee, WI sculptor **Dan Bresnahan** (formerly of Door County) is displayed in the **Steel Bridge Creative District** on the grounds of the Margaret Lockwood Gallery, **7 South Second Avenue**, on the corner of Second Avenue and Michigan Street. The sculpture faces and is best viewed from Second Avenue.

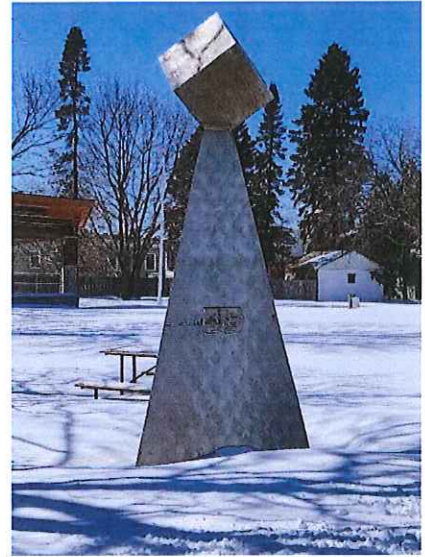

Owl and Bass (the string variety, not the fish). Local legend has it that a former Municipal Services director bartered a season at the City's Farmer's Market at no charge in exchange for a woodcarver's creation from the remains of a tree that had to be removed from **Martin Park, 207 So. Third Avenue**. The identity of the woodcarver may be lost to history. The double bass instrument is perfectly fitting as this park contains a bandstand and is home to the City's summer concert series **"Harmony by the Bay"**. The reason for including the owl? Whooooo knows?

Tree Sturgeon. The 2020's brought the heartbreaking loss of Countless mature trees all over Door County. Rolling with Mother Nature's punches, this tall sturgeon was created in the backyard of a private residence at **221 Louisiana Street**. This wood carving is best viewed from the public parking lot on Second Avenue between Louisiana and Michigan Streets. As this piece is privately owned, please be respectful of the resident's privacy and enjoy the view from the parking lot.

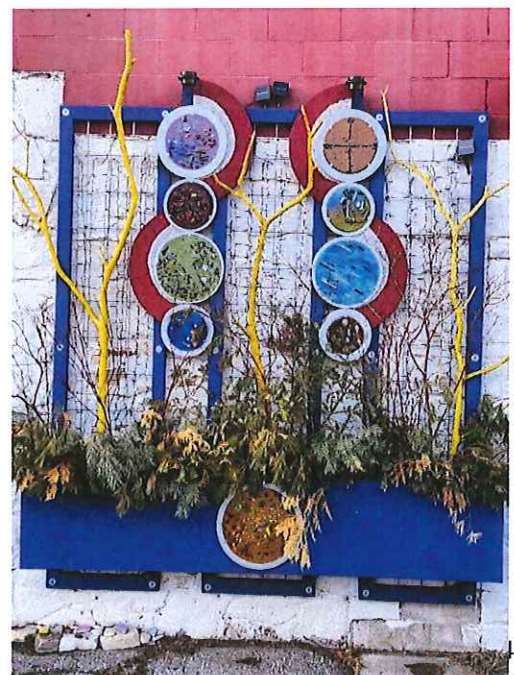

Centennial Capsule. This piece, donated by the Fred Peterson Foundation, is made of Aluminum and was fabricated by the former Peterson Builders of Sturgeon Bay in 1976. It identifies the location of a time capsule buried on that spot in **Martin Park, 207 So. Third Avenue**, which will be unearthed and its contents and history revealed by the City Administrator in 2076.

It's a ZOO out there! This collection of painted metal, exotic animals and their pelican friend are displayed on the west lawn of a private home at **221 Louisiana Street**. These unusual pieces are much loved by young and old alike, but as they are privately owned, please be respectful of the resident's privacy and remain on the Louisiana Street sidewalk as you view them.

This **Living Wall** was created by youth art campers, age nine and up, participating in the United Way of Door County sponsored **2022 STRIDE Creative Summer Art Program** with local artist / art therapist **Jodi Rose Gonzales** as program and creative director. The Program's featured artist was Sister Bay fused glass artist **Gary Chaudoir** and also featured Door County woodworker **Joel McOlash**. The installation incorporates fused glass circles framed by wood and planter boxes to enhance the south wall of the Jodi Rose Studios / Enclave by Jodi Rose Studios, **120 So. Madison Avenue**, and is easily viewed from the adjacent sidewalk and south-side parking lot.

This piece removed, restored by Wisconsin artist and conservationist [Anton Rajer](#), and reinstalled in 1984.

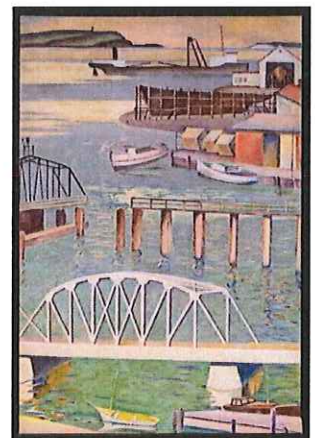

Left half of mural

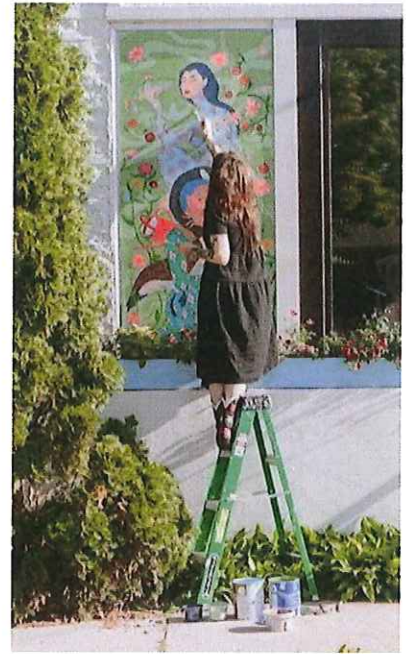

[Tambourine](#) was designed by musician [pat mAcdonald](#) and painted by Eau Claire, WI artists [Jason Anhorn](#) and [Steve Bateman](#). The mural was commissioned by the Holiday Music Motel for their Tambourine Collaboratory Building at **59 North Second Avenue**. Though the building is located on the corner of Second Avenue and Louisiana Street, the mural covers the south and west sides of the building and is best viewed from First Avenue.

[Twin Murals - maritime and agricultural scenes](#) by Door County native [Jessie Kalmbach Chase](#) once flanked the stage of the old Sturgeon Bay High School auditorium. The murals are now under the care of the [Miller Art Museum](#) and are on display in the Sturgeon Bay Branch of the [Door County Library](#), **107 South Fourth Avenue**, on the corner of South Fourth Avenue and Nebraska Street.
