City of Temple to have Christmas Tree Recycling services

TEMPLE, TX (December 12, 2022) – The City of Temple will have Christmas tree recycling services available to residents.

Temple residents are encouraged to recycle their Christmas trees from December 26 to January 9. The city will have stations at 3015 Bullseye Lane and 602 Jack Baskins Drive for residents to drop their trees off to become mulch. This only applies for live trees. Residents can also leave trees out for bulk and brush pickup.

The city asks that residents remove all decorations from the trees before they are collected.

For more information, visit templetx.gov/solidwaste.
