City of Temple to conduct National Community Survey (NCS)

Surveys will be mailed May 17, 2023

TEMPLE, TX (May 10, 2023) - The City of Temple will begin conducting a community-wide National Community Survey (NCS) to assess the satisfaction of the community with the quality of life, services and governance in the City.

Randomly selected households will receive a survey in the mail over the next few weeks. From June 14 to June 28, 2023, the survey will be open online for all Temple residents to complete.

The National Community Survey is a widely recognized tool used to measure the quality of life in communities across the United States. The feedback from the survey will be used to evaluate how well the city is meeting the needs of its residents and to identify areas where improvements can be made.

The City of Temple encourages all residents to participate in this survey and to share their opinions. The feedback gathered will help the city to continue providing the best possible services to its residents.

For more information about the survey, please call 254.298.5600.
