Announcements

Don Clinard called the meeting to order. Don asked for a motion to approve the agenda for today's meeting. There was a motion by Bradley White and seconded by Fred Bookman, the motion carried unanimously. There was no one who signed up for the Public Forum.

Agenda Items

- a. **ARPA Projects** – Jason Reported that concrete for the Driving Range building would be poured soon and the building should be up within the month. Septic for the bathroom initiative has been scheduled with the county but there could be a delay in their backlog.
- b. **Marketing** –There is also a meeting scheduled with Golfnow to review our current website and online processing. Golfnow has switched to a new platform “G1” and this could update the aesthetics of our current page and older model. Discussion on the type of format the committee would choose will be by email poll prior to the next meeting there will be three options to vote on.
- c. **Maintenance Projects** – Allen reported that work continues on the short game area. The area was set to add irrigation to continue to move it forward. This is ongoing as well as the required routine maintenance that is essential for play during the summer months.

- d. **Greens Reports-** Bradley mentioned that he had the opportunity to play a round and the greens were playing well. Allen was hopeful that in the coming year we may be able to address the expansion of some of our greens specifically 2,4,6,8,10,13 and 17

After no further business, Don asked to adjourn the meeting. The next meeting will be on June 12, 2023 at the new Thomasville Aquatics and Community Center.
