7 West Guilford Committee Meeting

February 2, 2023

Present: Nancy Staton, Kelly Johnson, Carol Brown, Mayor York, Ron Bratton, Payton Williams, David Yemm

Absent: Blythe Leonard, Andrew Clement, Blythe Leonard

1. Call to order and welcome by Mayor at 6:02p.
2. Additions and Deletions: motion to approve Carol, second Nancy, agenda approved unanimously as presented.
3. Approval of 1/5/23 minutes: motion by David, second Nancy, minutes approved unanimously as presented.
4. Old business- cleanup day
 1. We cleaned up a truckload of trash, removed obviously broken or damaged furniture, saved a couple pieces of wall art and plaques, and tagged several more pieces of furniture for sale or use in other departments.
 2. Big thank you to our four city friends, David's mother Mary, and Andrew's friends for their help cleaning up the building!
 3. We would like to invite some more help (beautification, historic commission's design review committee) for the next clean up day.
 4. David learned that the elevator emergency phone works and has a direct line to 911. Mayor shared that the elevator was just inspected this week.
 5. At least one room on the first floors was locked, and not much was done in the basement. N95s should be worn in the basement due to air quality and dust. It could be caused by sewer gas coming from the bathrooms that haven't been used in a while. A dehumidifier would also be helpful.
 6. Andrew thinks there really isn't much furniture worth buying and it would be awesome if folks would just take it away or buy it for a nominal fee.
5. New business
