HYDRANT METER ASSEMBLY \$ 100.00  
 INSIDE OR OUTSIDE

**Notation explanation from page 1 of fees:**

1. This value is equal to the customer availability fee plus the equivalents flow rating of the water meter. The equivalents factor is obtained by dividing the American Water Works Association (AWWA) standard for flow rating of water meters by the AWWA standard flow rating for a 3/4 inch water meter. 4. Residences shall include owner occupied single family dwellings and manufactured homes located on occupant owned land. 5. This category shall include apartments, homes, or any other rental units. Also included are mobile homes located on rental spaces regardless of ownership. 6. Shall consume less than 20,000 gallons per month and may include institutions. 9. Meter Exchange fee request by customer without reason or for meter damaged. 10. Temporary water & sewer service for residential clean-up or home inspection for sales. Service will be available for 10 days - includes first 1,000 gallons. Any consumption greater than 1,000 gallons used thereafter will be billed at normal rate. 11. Meter tested for accuracy by request of customer.
