Announcements

Don Clinard called the meeting to order. Don asked for a motion to approve the agenda for today's meeting. The motion was approved by Keith Tobin and seconded by Yvette Hicks. The motion was carried unanimously. There was no one who signed up for the Public Forum.

Agenda Items

- a. **ON-COURSE BATHROOMS** – Adam Litwin will be starting the building soon. Due to the wet weather, he would like for the grounds to dry out a little more before he starts at the end of February. This will be a 2 stalled bathroom with a urinal. The water is running through PVC pipes and the irrigation system.
- b. **DRIVING RANGE** – Allen and the maintenance crew have done a great job preparing the driving range and putting some of the interior work inside the facility. There are 2 dividers and the holes in the wall will be the cubbies and there will be spaces where individuals can place their phones, bags and other personal items. There will be monitors mounted on the wall for entertainment purposes while waiting or they could enjoy sports and it could be a lounge area. The electrician is there today to finish roughing in the tubing and hopefully they can get it wired up by the end of the week. Insulation has been installed as well. This facility will come with 3 bay doors with a screen. We invested in a system that can track your progress as you are playing golf. This system will scan the area outward and it can catch the ball once it leaves the facility and it will be able to collect your ball data. With this system; once you enter which hole you are in, it can track your progress for you as you continue to play. This area can be for training purposes or social lounge area.

After no further business, Cory asked for a motion to adjourn the meeting. The next meeting will be March 11, 2024.
