## TREMPEALEAU COUNTY DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH DEPARTMENT

Updated June 2025

# HEALTH SERVICES

## Vaccines for Children (VFC):

Provides immunizations at no cost to eligible children, under the age of 19 (Badger Care, Native American/American Indian, uninsured, or underinsured)

To schedule an appointment or ask eligibility questions for VFC and VFA, call our Public Health Nurse at (715) 538-2311 ext. 225.

## Car Seat Program:

Car seat safety education and installation assistance for all Trempealeau County families (by appointment)

\*car seats available for qualifying families

## Safe Sleep Program:

Education for parents and/or caregivers. (by appointment)

\*Approved portable cribs available for qualifying families

## Communicable Disease Investigation:

Follow-up on communicable diseases including blood-borne, tick-borne, waterborne, or foodborne illnesses, viral infections, and sexually transmitted infections

## Narcan:

NARCAN® is a life-saving medication used to reverse opioid overdoses. The Trempealeau County Health Department offers Narcan, along with training and education, to community partners and the general public upon request—such as school nurses, social services, libraries, taverns, and others who serve or interact with the public.

# OUR MISSION

The Trempealeau County Health Department is committed to protecting, promoting, and enhancing the health and well-being of everyone in our community. We serve all who live, work, and visit Trempealeau County with compassion, dedication, and integrity.

# WIC (WOMEN, INFANTS, AND CHILDREN)

Helps to keep your family healthy and strong. We can help with nutrition, healthy foods, breastfeeding support, and care beyond WIC

## Breastfeeding Peer Counselor Program:

Individual breastfeeding and social support

## Farmers Market Nutrition Program

Checks to spend on local fruits, vegetables, and herbs at the farmers market

# ENVIRONMENTAL HEALTH

## Human Health Hazards

Respond to community human health hazard complaints

## Animal Bites / Rabies Surveillance

Provide information and quarantine requirements after an animal bite. Bats are known carriers of the rabies virus. If you have concerns about a bat, submit it to us for rabies testing.

## Radon Test Kits

Test kits available to test your home for radon

## Well Test Kits

Test kits available to test your private well water for bacteria and nitrates

## Facility Licensing and Inspections

Licensing for restaurants and food facilities, bed and breakfasts, pools, campgrounds, and hotels/motels/tourist rooming houses
