DTE TREE TRIMMING SCHEDULED FOR 2021

VAN BUREN TOWNSHIP, Mich., December 14, 2020- DTE will be notify Township residents via a phone call and a letter explaining that tree trimming will begin in 2021, for certain residents.

"Since the summer we've been working diligently with DTE to limit the outages in our Community," said Supervisor Kevin McNamara. "They've heard our plea and will begin trimming trees in the problematic areas of the Township."

To view a map of the tree trimming area visit: <https://vanburen-mi.org/dte-tree-trimming-scheduled-for-2021-in-vbt/>.

The first step in the tree trimming process is for DTE to plan the work. If a resident is not at home when DTE is evaluating the residents' property ("planning the work"), DTE will leave a door hanger with contact information for the property owner.

"The best way we can help DTE with this project is to allow them on our property, when requested, for them to reach the trees that need to be removed." said McNamara. "Other than that, DTE has told us that the service is quick and residents will not need to do anything else."

For more information or to view the sample letter and door hangers visit vanburen-mi.org. You can also find more on the DTE website at dteenergy.com/treecare.
