# OPENING STATEMENT

## FROM THE TOWNSHIP SUPERVISOR

*There are several roads to opportunity out there, we just have to take them.*

Fiscal Year 2020 began as another promising year for Van Buren Township. Several years of careful budgetary discipline coupled with diligent strategic planning had the township well-positioned for another productive year. Then in early spring the realities of a worldwide pandemic began to set in. For months life was drastically altered, locally and nationally. Schools were closed and non-essential business and travel were brought to a halt.

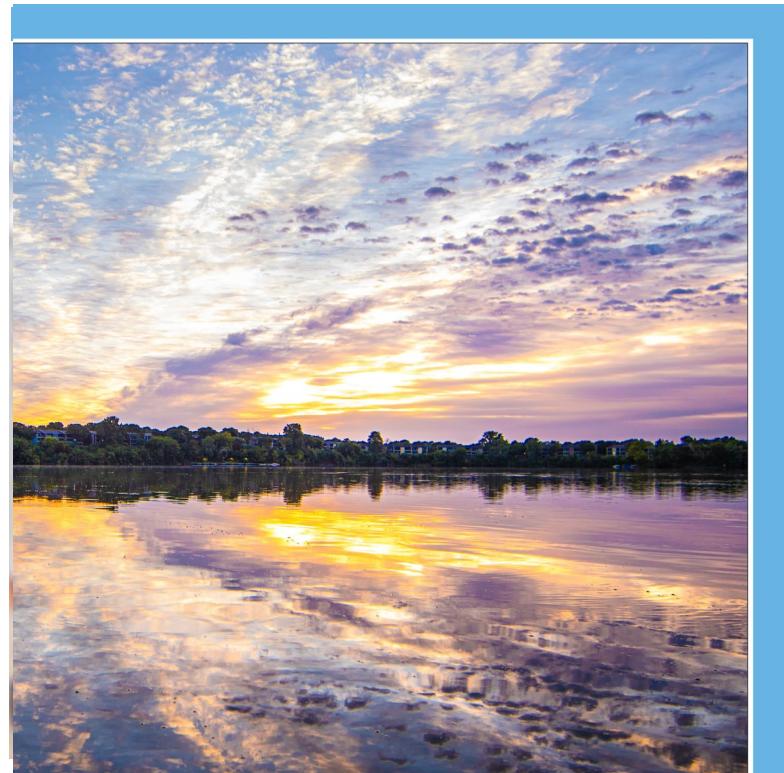

For 12 weeks the Township Hall was closed to the public due to the "Stay Home, Stay Safe." Executive Order, but government operations continued. Through skeleton crews and remote work, I'm proud to say that township staff adapted and continued to provide a high level of service to the community. That is a testament to the hard work and dedication of our staff members, for which I am deeply appreciative.

In early June many restrictions were lifted. After careful and deliberative planning Township Hall re-opened and in-person governmental business resumed, with a priority to the safety of staff and the community. For the remainder of the year our focus has been to revitalize the local business community and pursue any and all grant opportunities related to COVID-19 to off-set reductions from anticipated revenues.

Just one example of these opportunities was the Public Safety and Public Health Payroll Reimbursement Program, in which Van Buren Twp was awarded \$572,336. The Public Safety team continues to operate 24/7, keeping the community safe and we are all very grateful to these frontline heroes.

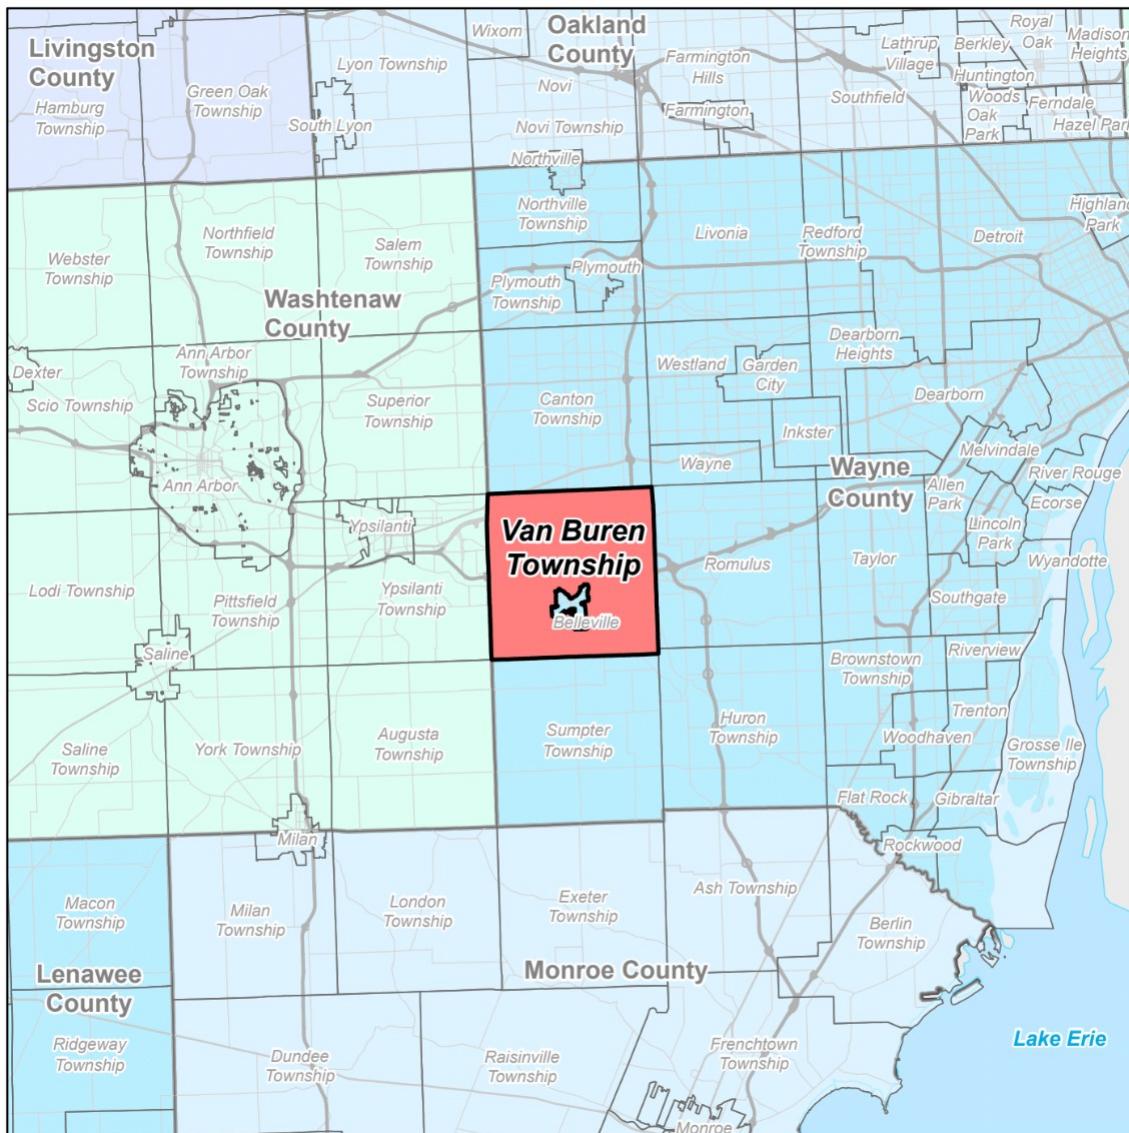

In the development of this budget our commitment to planned, sustainable growth and fiscal discipline is greater than ever. This community has shown a great deal of resiliency in 2020, but we all look forward to brighter days and recovering from this global crisis in 2021.

Best regards,

**KEVIN McNAMARA** TOWNSHIP SUPERVISOR

# REGIONAL OVERVIEW

Van Buren Township is located in southwestern Wayne County, approximately 30 miles west of Detroit and 23 miles east of Ann Arbor. The Township is bordered by Canton Charter Township to the north, the City of Romulus to the east, Sumpter Township to the south, and Ypsilanti Charter Township to the west. The City of Belleville is completely surrounded by and located near the center of the Township. Van Buren Township is generally square and approximately thirty-six (36) square miles in area, with approximately 5% of that area covered by water, mainly Belleville Lake and the Huron River.

Whether for business or a home, Van Buren Charter Township is a great place to land. Located at the crossroads of I-94 and I-275, the Township offers direct highway and rail access. The Township is also home to Willow Run Airport and is just seven minutes from Detroit Metro Airport. Van Buren Twp offers buildings and land for commercial uses, corporate headquarters, and flexible industrial space. The Downtown Development Authority is proactive and ready to assist with new projects along with the Van Buren Township LDFA, Department of Planning and Economic Development, Wayne County Jobs and Economic Development, and the MEDC. In addition to being business-friendly, Van Buren Twp is home to a Wayne County Community College campus, and variety of residential options, and exceptional recreational facilities, including several parks and 7-mile long Belleville Lake.

# GOVERNMENTAL STRUCTURE

**"IN THE TOWNSHIP, AS WELL AS EVERYWHERE ELSE, THE PEOPLE IS THE ONLY SOURCE OF POWER; BUT IN NO STAGE OF GOVERNMENT DOES THE BODY OF CITIZENS EXERCISE A MORE IMMEDIATE INFLUENCE."**

- ALEXIS DE TOCQUEVILLE 1831

Local governments generally include two tiers: counties, and municipalities or cities/towns. In some states, counties are divided into townships. Municipalities can be structured in many ways, as defined by state constitutions, and are called, variously, townships, villages, boroughs, cities, or towns. Various kinds of districts also provide functions in local government outside county or municipal boundaries, such as school districts or fire protection districts.

Municipal governments — those defined as cities, towns, boroughs (except in Alaska), villages, and townships — are generally organized around a population center and in most cases correspond to the geographical designations used by the United States Census Bureau for reporting of housing and population statistics. Municipalities vary greatly in size, from the millions of residents of New York City and Los Angeles to the 287 people who live in Jenkins, Minnesota.

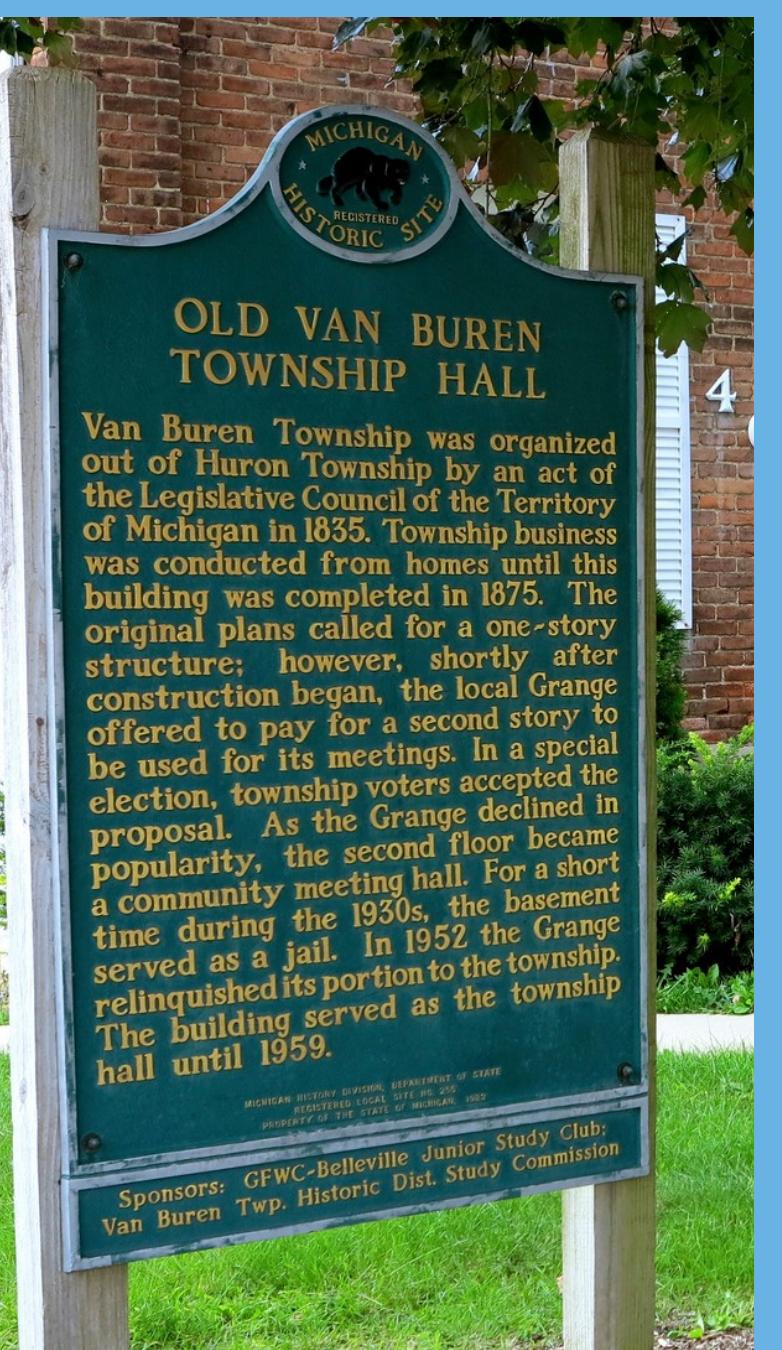

Municipalities generally take responsibility for parks and recreation services, police and fire departments, housing services, emergency medical services, municipal courts, transportation services (including public transportation), and public works (streets, sewers, snow removal, signage, and so forth).

Whereas the federal government and state governments share power in countless ways, a local government must be granted power by the state. In general, mayors, city councils, and other governing bodies are directly elected by the people.

# GOVERNMENTAL STRUCTURE

**"IN THE TOWNSHIP, AS WELL AS EVERYWHERE ELSE, THE PEOPLE IS THE ONLY SOURCE OF POWER; BUT IN NO STAGE OF GOVERNMENT DOES THE BODY OF CITIZENS EXERCISE A MORE IMMEDIATE INFLUENCE."**

- ALEXIS DE TOCQUEVILLE 1831

Article VII, § 18 of the Michigan Constitution of 1963 provides, "In each organized township there shall be elected for terms of not less than two nor more than four years as prescribed by law a supervisor, a clerk, a treasurer, and not to exceed four trustees, whose legislative and administrative powers and duties shall be provided by law."

Michigan townships are statutory units of government, having only those powers expressly provided or fairly implied by state law.

State laws authorize townships to perform a wide variety of functions. Townships are required to perform assessment administration, tax collection and elections administration. Townships may choose to perform numerous governmental functions, including enacting and enforcing ordinances, planning and zoning, fire and police protection, cemeteries, parks and recreation facilities and programs, and many more. There are two types of townships in Michigan: general law and charter townships.

All townships are general law townships, unless they have incorporated as a charter township. Charter township status is a special township classification created by the Michigan Legislature in 1947 to provide additional powers and streamlined administration for governing a growing community. A primary motivation for townships to adopt the charter form is to provide greater protection against annexation by a city. As of 2011, 138 Michigan townships were charter townships.

The Charter Township of Van Buren is governed by seven member Board of Trustees consisting of Supervisor, Treasurer, Clerk, and four Trustees elected at large. Board Members serve four year concurrent terms. Managing the budget to how and where monies are appropriated in a fiscally responsible manner is the primary role of the Board. Other legislative responsibilities include: adoption of ordinances, zoning property, settling Township legal matters, creating special assessment districts, proposing mileages to the public for consideration and approving the Township's Master Plan which manages Township-owned properties.

The Township's vision and direction is administered through the collective effort of the Board of Trustees. By way of strategic planning, policy decisions, performance measures and public feedback the Annual Budget is developed. The annual budgetary process outlines the priorities per department for each Fiscal Year. The Annual Budget is a living document, and through the amendment process the Board adapts to the needs of the community.

Van Buren Trustees are expected to maintain continuous training to keep abreast of the latest rules, regulations, laws and trends in Township governance. Trustees are encouraged to attend at least one workshop each year; covering multiple disciplines and training classes. It is through this planning, training and collective wisdom that Van Buren Township has grown into a vibrant, premier community.

All Township achievements begin at the governing body of the Board of Trustees.

The role of the Township Supervisor encompasses a myriad of responsibilities, such as:

- Being the "legal agent" of the Township, in which intergovernmental contracts, agreements, Memorandum's of Understanding, and all business dealings are negotiated through.
- The Township's highest law enforcement official and chief administrative officer.
- Sets the agenda and moderates the meeting of the Board of Trustees.
- Makes committee and commission appointments, with Board approval.
- Oversees and manages the day to day operations of the Township's varied departments: Public Services, Planning & Economic Development, Public Safety, Assessing, Communications, Parks & Recreation, Senior Center, Information Technology, and the Belleville-Area Museum.

It has been the focus of the Supervisor to maintain a high level of public services, while keeping taxes low. To aggressively pursue grant funding to provide public amenities and improvements to infrastructure. Van Buren is Southeast Michigan's gateway Township, in close proximity to airports and freeways. Historically, Van Buren served as a main thoroughfare between the suburbs and Detroit, with I-94 built to transport Detroiters to the Willow Run Bomber Plant during WWII. Van Buren's strategic location remains a major asset for planned economic and residential growth.

## SUPERVISOR'S OFFICE

### A Desirable Place to Live

As of September 25, 2020, 78 new home permits have been issued including permits for 70 standalone single-family homes and eight attached condominium units within the Township.

### Elections during COVID

The Clerk's office successfully ran a Primary Election that keep voters and election workers safe. Absentee voters increased during this time and staff was able to handle the changes smoothly and efficiently.

### Economic Development

**Ashley Capital Crossroads North-** Progress is underway on the construction of two of three of their buildings in the +/- 1.6 million square foot distribution center near Ecorse Road and Haggerty Road.

**Subaru Automobile Research and Development Center-** Construction is complete and the building will employ approximately 100 workers and be the company's North American Headquarters.

**US Signal-** Completed construction on their 25,000 square foot data processing center at 9275 Haggerty Road.

### Food Banks

The Township received \$5,000 from Enbridge and divided the money between three local food banks to help them replenish their stock and continue to feed our community in need during the pandemic. The food banks included Owen Community School Food Pantry, The Belleville emergency Food Closet & Trinity Episcopal Church Friday Fill-Up!

### Insect Kit Giveaway

Hosted by the Parks and Rec. Department in the Fall of 2020, they passed out 100 activity kits for area children to learn about insects and more! This program was made possible thanks to a \$3,000 grant from mParks & Taste The Local Difference.

### Communications

The quarterly publication continues to be a hit with residents, the Q3 issue included a support local feature with over 75 businesses spotlighted in just one issue.

Two articles were published on their digital platform. The first being about More Than A Game. A video highlighting the BHS 2019 football season and the second was an article about the Clerk's Office paying all absentee Ballot postage for the General Election.

## **SUPERVISOR'S OFFICE**

### **Public Services**

Renovated and remodeled the Board Room. Worked with a local metal worker to update a logo for the room and entry ways for Township Hall, Senior Center and Parks and Rec.

Beautification in front of Township Hall was updated in the Spring & Summer of 2020. It started with a new LED sign and finished with flowering plants, bushes and new brick pillars.

### **Senior Center**

Received two new Smart Buses in late Summer of 2020 to transport residents. These buses were purchased with a grant from that was award to the center in 2016.

The Township received a \$20,000 grant from United Way of Southeast, MI to feed the townships most vulnerable population during the "Stay Home, Stay Safe", order. They held two events; a pop and drop food pantry for residents to pull up and get food delivered to their vehicle and another event where staff delivered fresh food and nutritional goods to over 150 residents.

### **Public Safety**

Awarded a \$572,336 grant for a Public Safety and Public Health Payroll Reimbursement Program for essential workers. Purchased three Ford SUV Interceptor Hybrids for the fleet and a Ford F-350 utility vehicle to pull the dive trailer for the Fire Department.

The Human Resource (HR) profession takes on many facets of roles. Whether as a HR department of one or layered with many, the issues are the same across the board. Trying to fit the colorful Lego pieces together so leaders understand what HR actually does still remains a serious challenge. As the saying goes the squeaky wheel gets the grease so regardless, positively changing the curve of the culture is priority.

The divisions' functional core roles are employee relations, benefits, workforce management and recruiting. But most importantly managing change in the middle of chaos such as we have experienced during the COVID-19 pandemic. Focus suddenly shifted heavily on people and technology. Training moved quickly with remote working, an uptick in engagement through frequent phone calls, emails and virtual meetings. Staggered shifts provided both safety and a comforting work-life balance for our employees and their families. Essentially we all became people with a purpose heavily expanded our roles. Concentrated efforts on trying to build a stronger internal community within our Townships walls was a fluid state for our operations.

Throughout it all Van Buren Charter Township is a workplace transformed for the future. The new normal landscape is an authentic one; rebuilding rather than reacting and innovating instead of ignoring. Our goals for 2021 fiscal year continue to include:

*Quarterly scheduled Township wide trainings for Leadership, Organization, Health and Wellness and Personal Growth.*

*Improving employee life cycle from hiring to separation.*

*Succession planning through career management of the right talent.*

*Designing and Implementation of appreciation and recognition programs.*

*Understand the relationships between employee behaviors and culture.*

## 2020 HIGHLIGHTS

### COVID -19

HR remained consistent throughout the pandemic for employees

### Health Insurance

Purchase of a Steller Medicare Advantage plan for post-65 retirees

### R.E.A.L.

R.E.A.L. Summer program successfully embarked on a fascinating journey through COVID that can be seen at

Service and support continues to be a large part of what the I.T. Department provides the Township on a daily basis. The I.T Department is responsible for maintaining over 500 hardware items and more than 10 different applications that have to be administered including the Township's Phone system, Servers, Email System, Public Safety's CLEMIS system and BS&A Financial, Utility Billing, Tax, Permit, Assessing and Cemetery applications.

Additionally, the I.T. Department provides value to the Township each year by successfully completing a number of projects that introduces new technology or improves existing technology infrastructure.

# **2020 VBT HIGHLIGHTS**

## **INFORMATION TECHNOLOGY**

### **BS&A Cash Receipts**

Install and configure BS&A Cash Receipts program for public safety front desk and Records Department, cash drawers and receipt printer for two Public Safety locations to allow for easier cash payments/tracking.

### **VPN Implementation**

Setup and install a Virtual Private Network (VPN) connection through the Township's Firewall to allow VBT Directors and Supervisors to access their Township data to perform work remotely.

### **Installation of Network Monitoring Tools**

Network monitoring tools from Solarwinds allow troubleshooting of network issues and gathering of network related information such as Topology, IP address tracking, and device location tracking.

### **New Document Management System**

Migrate Township's current Doculex Document Management System to the newer DocStar DM System. Migration of data, client setups, MFP setups and user training.

### **Installation of Private Wireless Network**

With more laptop and tablet devices being utilized at the Township the need for mobility throughout the building has become necessary and this Private Wireless Network will provide network connectivity throughout the building for our employees.

### **Township Data Backup Server Replacement**

The Township's current Data Backup Server is close to six years old and needs to be upgraded. Additionally, the Data Backup Software (Veeam) will be upgraded to the current revision.

The mission of the Assessor's Office is to annually provide the residents and property owners of Van Buren Charter Township with fair and equitable assessments; to provide information to the general public that is accurate and reliable and mindful that service is the reason for our existence; to provide information to other Township departments efficiently, allowing them to better perform their duties. The Assessing Department must perform all of these services in a professional and courteous manner which complies with the Charter of Van Buren Township and the constitution and laws of the State of Michigan.

### **Assessing Office Duties**

Appraise and assess all the real and personal property located in the Township for the purpose of local property taxation. This includes new construction and ensuring the taxable value uncapping of property following a transfer of ownership.

Ensure that all parcels of land in the Township are identified with both legal descriptions and property location maps.

Describe the physical improvements for all commercial, industrial and residential buildings. These descriptions identify characteristics such as the building size, building age and the specific physical dimensions for each type of improvement.

Maintain owner of record and taxpayer information via various documents such as Deeds, Property Transfer Affidavits, Principal Residence Exemption (PRE) forms and taxpayer-initiated requests.

Maintain detailed sales records on all of the properties located in the Township. Sales data is typically obtained through recorded deeds received from the Wayne County Register of Deeds office or from filed Property Transfer Affidavits. Details of each sale is then analyzed via a Real Property Statement that is mailed either to the purchaser or filled out in the Assessing Office when the Property Transfer Affidavit is filed.

Process applications for land divisions/combination and oversee the creation of new property legal descriptions. Any new address is assigned through this office and more.

## **ASSESSING**

### **Staffing**

The Assessing Office is staffed full time by myself as the Assessment Coordinator and Gina Dorazio as the Residential Appraiser. Hannah Rodriguez divides her duties between the Assessing office and the Supervisor's office along with assisting Nicole Sumpter.

### **Education**

Based on our total State Equalized Value as finalized each year by the State Tax Commission, it is determined that Van Buren Township must have a MMAO Level (4) Assessor to certify the assessment roll each year. I fulfill this requirement and "certify" the assessment roll. Gina continues to work towards her goal of the MAAO certificate level with having just two classes left to complete. Hannah achieved her MCAT level last October and is currently in the MCAO program. As expected all educational courses were cancelled due to COVID and we anxiously await their return in the future.

### **Full Range of Services**

As much as I wish that for the health and well-being of the assessing office, staff could work with remote access and split shifts, it is just virtually impossible. Due to low interest rates and it being a buyer's market for residential properties right now we are receiving anywhere from a minimum of 5 (five) to a maximum of 10 (ten) Property Transfer Affidavits and Principle Residence Exemptions every day. Homes are still being built, telephones are still ringing and properties still need to be sketched. We continue to encourage the use of the drop box and social distancing protocols for the property owners but it is still our duty as Township employees to provide a full range of services to all residents and taxpayers on a daily basis.

### **Permits**

The Assessing Office receives each day a copy of all permits issued (building, electrical and mechanical). Currently we have reviewed 809 permits with 55 of those being new homes. Physical inspections will also be conducted on more than 60 permits (decks, garages, additions, pole barns) along with 169 rechecks from incomplete construction in 2019 and the beginning part of 2020. The remainder of the permits are mechanical /C Generators) or commercial/industrial permits.

### **Updating**

The Assessing staff continues to work diligently on apexing (computerized sketching) on all classes of properties along with updating all images.

The mission of the Treasury Department is to offer excellent customer service to all residents and customers of the Township while performing the collection of taxes, utility payments, building permits and all other revenue as it relates to other departmental activities.

The Township Treasurer oversees and accounts for the collection, safeguarding, investing and disbursement of all revenues. In 2019 the Treasurer's Office was in charge of the billing and collection of 10,842 tax parcels, billed in both the summer and winter. The total levy amount was \$48,148,154, which includes levies by various taxing authorities. The Treasurer's Office is also responsible for the collection of all water/sewer billings of over 8,000 accounts which are billed quarterly. The total collections on behalf of the Water/Sewer Department in 2019 was \$10,238,738.

Van Buren Township Public Safety is a joint administration of several distinct departments. We share administrative support staff, but sworn personnel remain specialized and have particular responsibilities in Police, Fire, Emergency Dispatch and Ordinance Enforcement. This business model allows the delivery of high quality, effective service and provides safety and security to our community and its visitors.

Public Safety has handled over 22,261 calls for service between the Police and Fire Departments in the past year and 11,766 calls along with 52,614 non-emergency calls over the past year as well.

Van Buren Township Public Safety consists of a full-time police department, full-time fire department supplemented by paid on-call fire personnel that provides full-time service to the community. Both fire stations are staffed with full-time and part-time firefighters 24/7 who provide a quick response time. Public Safety has an Emergency Dispatch Center, lock up facility and a variety of other services to include a Detective Bureau, Traffic Services, Fire Marshall and Fire Inspector Program, Marine Unit, Dive Team, Special Operations Consortium Team Members (SWAT), Narcotics Team Detective, K-9 Unit and a Motorcycle Unit. We also have partnerships with other agencies sharing resources, equipment and manpower with the Michigan State Police, Western Wayne Special Operations, Mobile Field Force and the Wayne County Sheriff's Office.

Our Public Safety Department currently consists of sworn law enforcement officers, emergency dispatchers, paid-on-call firefighters, a Director of Public Safety, Police Chief, Fire Chief, Fire Marshall, Part-time Fire Inspector, Administrative Assistant, Records Clerk, Technology Specialist, Vehicle Maintenance Person, Ordinance Officer and an Animal Control Officer.

# **2020 VBT HIGHLIGHTS**

## **PUBLIC SAFETY**

### **New Police Vehicles**

In an effort to improve fuel efficiency, the purchase of three Ford SUV Interceptors Hybrids was added to our police fleet in 2020. As we continue to provide the necessary police patrols and deployment of police personnel, there is a continual need to replace older, worn patrol vehicles. The hope is to cut greenhouse gas emissions and making a concerted effort to save green by going green.

### **New Full Time Firefighters**

The VBFD continues to spend approximately \$30,000.00 to train and outfit each firefighter. Once the firefighter has received all the training, a majority of them leave for a full-time department that offers benefits. Six full-time firefighters were hired in the late fall of 2019 from existing paid on call members. This was in an effort to retain quality personnel and bring stability in staffing fire stations with little impact to the budget.

### **Accident Investigations Software & Satellite Mapping**

Policing serious and fatal accidents upon Township roadways can be very complex and time-consuming, shutting down roads for hours. Our officers now have the ability to quickly and accurately measure and map these scenes by means of satellite measuring/mapping equipment purchased.

### **Ford F-350 Utility Vehicle for Fire Department**

The vehicle purchased will tow the new public safety dive trailer that was purchased last year. It also will serve a grass fire truck, as it was purchased with a skid unit. It has been used several times this year already in both capacities. This truck will serve the fire department for several years to come.

### **Portable Radio Upgrades**

Dependable radio communication between first responders is an essential element in the day-to-day operations of a public safety department. We again have budgeted and purchased nine portable radios to be worn by our officers, replacing their end of life technology older outdated radios they are currently using.

### **Hand-Held Laser Radar Units**

After applying for a law enforcement grant, our department was awarded \$3,800 from Canadian Pacific Railroad for the purchase of two hand-held laser radar units for our Traffic Unit.

### **M-PARKS GRANT**

Received \$3,000 grant through the Michigan Parks and Recreation Rapid Response for Support. This grant was developed in response to the COVID-19 pandemic to provide physical activity packs to encourage families to get outdoors. Free packs of 100 nature inspired activities to explore were organized and provided to families for a curbside pick-up.

### **WAYNE COUNTY PARK MILLAGE**

Approved for \$31,845 through the Wayne County Park Millage. This money will be utilized for Phase 2 improvements to French Landing Park. Brush removal for better access to the water, improved seating areas and fishing pier improvements are up-coming renovations to this park.

### **PARK USAGE**

Even though the recreation department has been closed, the parks have been bustling with visitors. Pavilions were not available for reservations this summer but were used on a first come, first serve basis. Visitors were engaging in small functions for some normalcy. Small sport teams were practicing while fishing, walking, biking were some of the other major activities people were enjoying while visiting the parks. Also, this was the first full summer with the amazing splash pad that was constantly utilized.

### **TRASH/RECYCLING/YARD-WASTE**

Included within the parks and recreation department is trash, recycling and yard waste as well as landfill pass distribution. With more of the community staying home, landfill passes were extremely popular these past few months. During the Township closure the parks and recreation staff were still working with trash/recycling/yard waste concerns while mailing out numerous landfill passes on a daily basis.

September Days Senior Center continues to focus on quality programs and services for mature adults promoting the concept of health offering an annual wellness expo, daily group exercise programs, scheduled speakers throughout the year who focus on graceful and healthy aging. Weekly The Center offers Norwegian Massage appointments, ongoing Blood Pressure checks, monthly Foot Doctor appointments and an array of social classes such as Mat & Frame, Ceramics, Glass Fusing, Jewel Beading, and Billiards. Further, we offer Grief Counseling, assistance with housing, social security, as well as veteran information.

The Center continues to provide and administer Focus Hope and The Emergency Food Assistance Program to local residents in need on a monthly basis and assist over 80 households.

In partnering with Wayne County, The Center is able to offer a nutritious meal Monday thru Friday the Center packs and distributes over 90 meals to residents of Van Buren Township and the City of Belleville through the Meals on Wheels Program, along with a Congregate Lunch Program offered daily at the Center.

The Center's transportation is on a limited basis to residents of the township to medical appointments, weekly shopping trips, as well as local errands when possible. A vital program for many residents with no other means of transportation. This year alone the Center will have assisted residents in well over 1400 rides for various necessities.

The Center will continue striving to deliver the best quality programs and services to our members, while working conscientiously to operate within our budget.

The Van Buren Twp Communications Department is committed to community engagement, disseminating official and pertinent information to the public, community partners and media outlets. We do so in a clear and effective manner via multiple platforms, while portraying a vibrant and sustainable image of the Van Buren Twp community.

In 2020, the Communications team continues to strive to deliver a modernized Communications Department to more effectively serve the public. The Communications team strives to deliver relevant information, professional media relations services, produce high-quality original content and programming to engage the public using social media and other digital platforms, while continuing to maintain an up-to-date Government Access Channel.

Our objective is to meet organizational goals set by the Van Buren Twp Board of Trustees, deliver accessible and transparent external communications to the public, our community partners and other media outlets.

## **COMMUNICATIONS**

### **Branding Update**

Created and developed a Communications Plan, Style Guide and Brand Identity for the Township, which shaped a modern feel and voice for our community.

### **New Website**

Initiated an RFP for the re-design of a new Township website which was awarded to REVIZE in September. The new website will be rolled out in early 2021.

### **Social Media**

Developed social media accounts on Instagram, Nextdoor, Twitter and Facebook and gained over 2,500 organic social media followers within less than one year.

Begun creation of the Community Spotlight video series including *Detroit Metal Works*, *Pickle Ball* and *the Secrets to a Long Life & More Than A Game*. *More Than A Game* was featured on mLive in August of 2020. The video showcased BHS 2019 football season.

Captured over 80 events via photography and/or videography in 2020 alone.

### **COVID-19**

Hosted first virtual Board of Trustees meetings that streamed to YouTube in March of 2020 and continued throughout the rest of the year.

Disseminated information in a timely manner to the public and business community for resources related to COVID-19.

### **Collaboration**

Worked with every Township department to develop, create and publish education material; from water rates to public safety information, from parks and rec events to senior center activities, voter information and much more.

### **Publication**

Produced 4 editions of the Van Buren Today magazine.

Produced and developed a support local campaign for Van Buren Today that will be used and replicated in other Community Publishing magazines.

The year 2020 has been a year of growth, adaptation, and stabilization in the Planning and Economic Development Department within the Department of Public Services (DPS). Over the course of the year both our new and our longstanding staff members have worked diligently to continue to provide a high level of service to our residents and business owners despite the challenges posed by the COVID-19 pandemic.

Our Department within the DPS oversees all building/trades permits and inspections related to construction, development review, community planning, and customer service as it relates to zoning and building. As staff we are under the umbrella of the DPS and we have a Director, a Chief Building Official, and three account clerks. In addition to our full-time employees, the Department utilizes several consultants and contract employees, including some who work with multiple departments. These include an electrical inspector, the Township Engineering Consultant, and the Township Planning Consultant.

Our expenses are primarily in wages and related expenses for staff, consultant and inspector fees for contracted service providers, and other costs including supplies and training. Revenues broadly come from building permit and development review processes.

Our budget for 2021 builds off the strong financial success of the past. It is a healthy and slim budget that maintains service with targeted reductions to create an overall reduction of 3% from 2020.

Despite the challenges posed by COVID-19, the Department is meeting many of the goals set forth in 2019, including continuing to streamline the planning and engineering approval process, completing revisions to the Township's Master Plan, and continuing to build trust within the community.

As of September 11, the Department has processed 1,391 combined building, mechanical, electrical and plumbing permit applications in 2020. We have also processed 27 new applications for site plans, re-zonings, minor site plan

## **2020 HIGHLIGHTS**

### **Ashley Capital Project**

Ashley Capital Crossroads North has made significant progress on the construction of two of three of their buildings in the +/- 1.6 million square foot distribution center near Ecorse Road and Haggerty Road.

The 2020 approach was for a rotational schedule of maintenance repairs, replacement and upgrades for all Township Facilities and Grounds. This approach provided opportunities to adequately budget projects, minimize disruption to service delivery and operations and maximize the FT staffing available to perform many of the required tasks.

## 2020 HIGHLIGHTS

### Township Hall Improvements

Maintained a schedule, to be updated annually, of all township building facilities projects that do not qualify as capital, but are based on criteria such as aesthetics or incidental damage. Patch and Paint jobs, carpet cleaning and/or furniture replacement, ceiling tiles, internal and external lighting, minor office relocations and renovations.

Continued to implement the CIP+ program for renovation at the main Township campus, including the Township Hall Landscaping & Entrance Post improvement projects and Township Hall Roof Repair project.

### Park Improvements

Contracted mowing services were provided to all Township owned grounds at public facilities, including fire stations, museums, cemeteries, DDA district sites, water and sewer facilities and park areas. This included trimming and removal of identified trees in the cemeteries and parks.

Implemented a tree & brush maintenance management plan at French Landing Park

Moving forward, the FY 2021 Building and Grounds Budget, the divisional management will continue to follow a number of strategies outlined in the 2020 budget:

- Continue the HVAC system upgrades and replacement plan.
- Continue the maintenance schedule in Township Hall, Museum and other facilities
- Continue cemetery maintenance improvements.
- Continue renovations of Township facilities and parks.

jtaylor@vanburen-mi.org

[www.vanburen-mi.org](http://www.vanburen-mi.org)

With the proposed budget for FY2021 we are recommending a 8.5% rate increase for all Water & Sewer customers as part of a proposed change in overall rate methodology. Combined with use of our capital fund, we will be able to meet all our financial goals for FY2021. We continue to strive to annually maintain minimal operating cost increases. The costs we do not have direct control is the purchase cost of water and sanitary collection and treatment services.

## **WATER**

The water volumes (sales) have basically flattened out over the past five years for Van Buren Township. This follows a regional trend since 2011. However, due to the use of the Township water tower to lower peak hour demands, Van Buren Township has saved residential and business customers a total of \$1.5 million annually in potential rate increases since 2012.

## **SEWER**

The sanitary services are provided to Van Buren Township by four systems; South Huron Valley Utilities Authority (SHVUA), Downriver Utilities Wastewater Authority (DUWA), Rouge Valley Sanitary Disposal System (RVSDS), and Ypsilanti Community Utilities Authority (YCUA). While the Township sanitary system has very minimal infiltration and is maintained in good operating condition, the costs of these four collection systems are shared among a number of communities, including Van Buren Township. The rates, while we are represented on various boards and committees, are not our final decision to make. Also, the sanitary underground systems require continual maintenance and replacement to maintain their operations.

### **Expected rate increases from these agencies for FY2021:**

GLWA	-	3.0% anticipated increase
SHVUA	-	3.1% anticipated increase
DUWA	-	4.2% anticipated increase
RVSDS	-	-9.4% estimated decrease
YCUA	-	3.0% estimated increase

**Based upon our estimated projections for this FY2021 Proposed Budget and keeping in line with the Board's long-term goal to provide financial sustainability, we recommend a 8.5% rate increase to our water and sewer customers.**

**The average increase to residential quarterly bills, based on 20,000 gallons of usage, with a 5/8" meter will total \$5.34.**

## **RE: Statement of Special Revenues**

Please consider approval of Resolution 2020-20: 2020 Amended/2021 Proposed Special Revenue Funds Budget

The attached Special Revenue Funds generally reflect their purpose by their title. The Board may make separate motions for each fund or name them as a group, "Special Revenue Funds", with separate motions for each fiscal year.

The attached Special Revenue Funds are:

1. Downtown Development Authority (DDA)
2. Belleville Area Museum
3. Local Development Finance authority (LDFA)
4. Federal Forfeiture Fund
5. State Forfeiture Fund
6. E-911 Service Fund
7. Landfill Fund
8. Long Term Debt Fund
9. Capital Improvement Fund

In your consideration of approval of these funds, the following is also respectfully requested:

- A. Revenue in excess of those noted shall be dedicated to fund balance.
- B. Items not expensed shall revert to net income.

## Mission Statement

To preserve, protect, and promote the unique local heritage of the Tri-Community area that includes the City of Belleville, and the Townships of Van Buren and Sumpter, through a variety of exhibits, special programs and archival collections.

## Vision

Informing the Tri-Community of our shared heritage in an enjoyable and entertaining way.

## Organizational Values

Community Relevance – We aim to be the cultural and historical touchstone of the Tri-Community as well as offering a positive experience for visitors.

Collections Management – Preserving archival collections for future generations and allowing public access to our archives allows for a variety of research.

Diversity – Providing value to the community through representation of its citizens and the stories of those who have shaped it.

Knowledge and Life-Long Learning – Programs, lectures and genealogy resources are offered and meant to enlighten the community.

# 2020 VBT HIGHLIGHTS

## DDA

### Harris Park

Completion of Harris Park, the DDA's "Placemaking" project that has been in the works since 2014. This hidden gem of a park is located on the Harris Homestead property on Belleville Road, right in the middle of all the action in the VBT DDA Business District. A digital reader board allows information to be shared with the community. The park features walking paths, free Wi-Fi, charging stations, benches, picnic tables, a pavilion, a pergola and plenty of green space. The rich history of the Harris family and their contributions to the community are being compiled so their story can be shared with visitors to the park. During the first few months of being open, Harris Park has seen substantial usage. We have noted a weekly martial arts class, community group meetings, pop-up concerts and car shows, a drive-thru baby shower, several birthday parties, "remote" workers enjoying a creative setting and even a wedding. The feedback from visitors to the park has been consistently positive.

### Capital Improvement

Completed and accepted an update of the DDA's Capital Improvement Plan.

### Relationships

Continued cultivation of positive relationships with local, regional and national businesses, organizations and media outlets to further the mission of the DDA.

### Future Projects

Continued focus on creating safe pathways in the DDA for pedestrian and bicycle traffic.

Implementation of partnership with SCORE, a nonprofit association dedicated to helping small businesses get off the ground, grow and achieve their goals through education and mentorship. Supported by the Small Business Administration, SCORE will work with the DDA to bring mentorship, workshops and networking opportunities
