

# Janet & Bob Spear Spear's Farm Stand

*Established 1933*

“Bob’s grandparents started this farm, and we’ve grown and changed with the times. We now offer CSA farm shares and operate two farm stands

each stocked with the freshest fruits and vegetables. We also offer home baked pies, cookies, muffins and breads. Our produce is sold in area grocery stores and is also served in local restaurants, schools, and hospitals.”

## About Spear's Farm Stand

It's all about fresh – direct from the farm – and we have mechanized certain operations which minimizes waste and gets it to our customers at peak flavor.

There's very little spare time when you operate a farm of this size. Because interest in

farms like ours is so great, Janet has started another business – taking people on farm tours in both the United States and throughout Europe.

*A warm welcome awaits you in Waldoboro.*
