APPLICANT AUTHORIZATION

The foregoing is a true and correct description of the improvement proposed by the undersigned applicant and the applicant states that he will have full authority over construction of same. The utility permit shall not be held to permit or be an approval of the violation or modification of any provisions of City ordinances, codes, and subdivision restrictions of State law or be a waiver by the City of such violation. Alteration changes or deviations from the plans authorized by this permit are unlawful without written authorization from the engineering department. The applicant hereby agrees to comply with all City ordinances, codes, subdivision, restrictions and State laws and assume all responsibility for such compliance. **It is understood that the improvements shall not be occupied until a final inspection is approved.** Every permit issued shall become invalid unless the work authorized by such permit is commenced within t months after its issuance or if the work authorized by such permit is suspended or abandoned for six months after the time of work is commenced. This permit is good for six (6) months only. If construction exceeds six (6) months, re-application will be required.
