~~Anticipated Balance after Special Olympics: \$490.~~ Amended to read a \$648 anticipated balance.

Need to have monies designated by November's meeting and spent by December 31, 2014.

Old Business:

Information Forum: Overall, the Forum was a success. We received positive feedback from both attendees and vendors. Denise reports that this year was easier to organize and is hoping to have DDD and Special Olympics + 5 more vendors next year (21 October 2015).

Questions: Was there representation for Autism? Yes, CNNH represents those who have Autism.

Feedback, Reflection, Changes for next year: Disappointed that Aspen didn't reply to repeated invitations and pleas for representation to the Information Forum. Disappointment #2 regarding the lack of response and/or interest from Special Olympics. Disappointment #3 was the lack of nearby handicap parking. According to the informal questionnaire people completed upon exiting, it seems attendees heard about the event through Facebook, members of the committee, walking by/working out upstairs, and through school

flyers. Although we did have a couple people in attendance from other school districts, it seems the committee must make a personal effort to invite school districts as going through the County Superintendent's office seems impersonal and information doesn't get out in a timely manner.

Junior Olympics for 2-9 year olds confirmed for January – March of 2015.

New Business:

Discussion ensued regarding the official Mission of Committee to guide our interest and expenditures. As of now, our mission is to promote awareness.....(of what?).

Another venue with which we may help: Disabled Military

Correspondence:

Thank you received from scholarship recipient.

Sent Thank You emails to vendors who attended the Information Forum.

Motion to Adjourn:

6:43 pm. Chintall/Nicolosi

Respectfully submitted by Kim Monsu
