# Public Works Department

856-845-4004 ext. 138 or ext. 146

The Mayor and Township Committee are committed to providing dependable, responsive, and courteous services to residents daily.

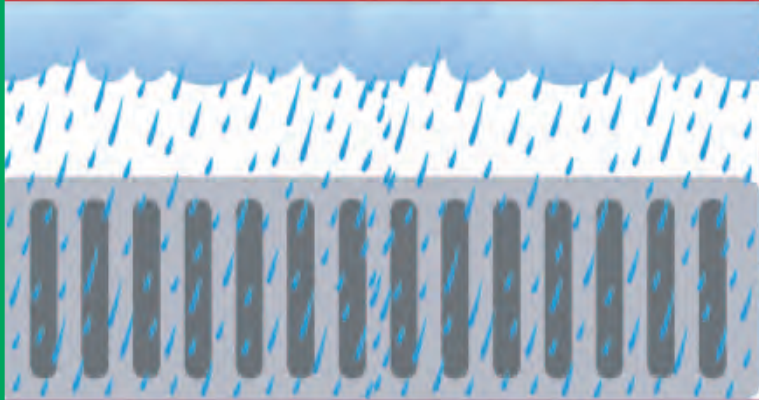

The Public Works and Water & Sewer Departments work diligently to create and maintain a safe, clean, and desirable community that residents feel proud to call their home.

Our services include:

- Sanitation/Recycling • Streets/Roads • Building Maintenance • Leaf Collection
- Parks/Recreation • Snow Removal • Stormwater • Water & Sewer Maintenance

## ONLY RAIN IN THE DRAIN

## Smart Steps to Stormwater Management

Make your community better! You can take steps to decrease the pollution that flows into local waterways every time it rains, snows, or sleets by following these tips.

Direct water from downspouts and sprinklers to green areas only.

Always pick up and dispose of pet waste in the proper container.

Don't park on the street during days designated for street sweeping.

Keep trash in its place and never dump down storm drains.

Don't oversalt your walk or driveway.

Avoid applying pesticides or fertilizer when rain is predicted and avoid spraying any chemicals on pavement.

[www.westdeptford.com](http://www.westdeptford.com)

The illustration shows a cross-section of a town. On the left, a street sweeper is working. In the middle, a yellow truck is parked on a street. On the right, there are houses with trees. A stream flows from the street into a waterway. The tips are placed around the town to show how they affect stormwater management.
