COUNTY ADMINISTRATOR'S MESSAGE

The Honorable Board of Supervisors Isle of Wight County, Virginia

Honorable Members of the Board:

I am pleased to submit the FY 2023-24 budget for Isle of Wight County to the Board of Supervisors and our citizens. This Budget was prepared to meet the needs of a growing community by providing cost efficient and effective public services. The team of staff responsible for preparing the budget has attempted to create a document that is more transparent and understandable to every citizen and addresses the basic responsibilities of local government.

The FY 2023-24 budget is notable for the fact that for the first time in **16 years**, there will be **a proposed reduction** in the real estate tax rate from **\$.85 to \$.75**. The personal property tax rate has been returned from \$3.90 to \$4.50. One penny of real estate tax is expected to generate **\$618,500** based on preliminary information from the reassessment company.

One of the key priorities for the upcoming fiscal year is to fund the necessary functions of Isle of Wight County while preparing for future needs.

The General Fund budget totals **\$94,130,465**. The largest source of these funds is from General Property taxes (\$70.1 million) or 75% of the budget. The largest uses of County funds are for Education (\$30.1 million, 32%), Public Safety (\$15.9 million, 17%), and Debt Service (\$12.1 million, 13%). Our goals include diversifying our revenue sources to become less dependent on property taxes and reducing debt service as a percentage of our expenditures.

Revenue Highlights

Real Property Taxes – Housing starts declined slightly in 2022 (-3% from the previous year) but at a slower rate. There were 302 housing starts in 2022 compared to 312 in 2021. In 2022, 84% of all housing starts occurred in the northern end of the county, 56% in the Newport District and 27% in the Town of

Smithfield. Commercial development and construction were basically nonexistent in FY23 and represented only 1% of the total new construction assessments. A 23.5% change in assessments is forecast for FY 24 with total value of \$6,146,792,000 and revenue of \$45,108,737 based on the proposed tax rate of \$.75 and a collection rate of 98%.

Personal Property – Motor Vehicles – The value of used motor vehicles declined by 9% in 2022 relative to 2021 according to J.D. Power. In response to the decrease in values, the Board of Supervisors voted to return the personal property tax rate to its previous rate of \$4.50. The Car Tax Relief percentage increased from 35% to 37%. A 4% growth is forecast for FY 24 with revenue of \$14,100,000.

Machinery & Tools Tax – The Machinery and Tools category has experienced volatility during the past three years. An increase of 1% over current revenues for the M&T tax is expected to generate revenue of \$5,190,000.

Sales & Use Tax – The U.S. Supreme Court Case of *South Dakota v. Wayfair* ruled that states may charge sales tax on purchases made from out-of-state sellers. The 2019 Virginia General Assembly adopted legislation enabling the Commonwealth to collect sales tax on out-of-state sellers. This has resulted in an increase in sales tax to the state and localities. Online sales tax now represents nearly 36% of all retail sales for Isle of Wight County. An increase of 6% is forecast for the current fiscal year compared to last year. The upcoming year's revenue forecast of 3% growth will generate \$4,300,000 which is an increase of 7.5% over the FY23 budget.

Public Service Corporation Taxes – Public Service assessments are adjusted annually based on the real estate sales ratio as determined by the Department of Taxation. As real estate sale prices exceed assessments, the county's sales ratio declines. It is anticipated that the assessments will decrease 3.7% in the next fiscal year which will result in revenue of \$1,350,000.

Recordation and Wills Tax – The tax on recordation of real property has followed the real estate market and continued to increase over the last several years. After collecting \$906,000 in FY21, we saw a decline to \$852,700 in FY22. I am projecting \$700,000 for FY24 which is a decrease of \$150,000 over last year's budgeted amount.

Building Permits – Building permit fee revenue reflects the decrease in housing starts throughout the County. \$591,000 was received in FY22 and we expect to collect more than \$400,000 in FY23. I am estimating \$400,000 in FY24 which is a decrease of \$150,000 over last year.

Utilities Fund – Due to a 5.7% increase in the price of water from the Western Tidewater Water Authority, a 59-cent increase in the price/1000 gallons of water is proposed. This will result in a monthly increase of \$2.95 or 3.9% for the typical customer who uses 5000 gals/month.

Expenditure Highlights

Public Schools – An increase of \$2,791,814 is proposed in local operating funds for the Isle of Wight County Public Schools. A restoration of the local capital maintenance appropriation in the amount of \$250,000 is also proposed. \$715,830 is included in debt service to finance \$7.9 million in improvements at Smithfield High School and Windsor High School for enhanced Career & Technical Program options for students.

Public Safety – The budget continues the replacement schedule for Sheriff's Office vehicles by lease financing 7 new vehicles. A part-time kennel assistant in the Animal Control department is proposed to be upgraded to a full-time Shelter Manager.

Fire and Rescue Response – In previous years, emergency volunteer responders who lived in Isle of Wight County could receive a tax credit for one vehicle up to \$500. A revised program was approved in FY23 which provides all volunteer responders regardless of where they live or the value of their vehicle with a payment based on years of service. The annual payment ranges from \$100 to \$500. The total cost of this program is \$115,000.

Public Works – The bulk of the increase in Public Works is a result of a \$2 increase in tipping fees by SPSA and an estimated increase of 1000 tons of solid waste.

Debt Service – Older debt service payments reached their peak in FY20 and have continued to decline. Bonds totaling \$18.5 million were issued in February 2022 to fund the remainder of Hardy Elementary School, the replacement of Fire and Rescue equipment and other County projects. Our total Debt Service budget for the General Fund in FY24 will be \$12.1 million. \$7.4 million of the payments will be for principal.

<u>Personnel</u>

Isle of Wight County competes for employees across the Hampton Roads region. We completed a new compensation study in FY23 which brought our salary ranges more in line with our neighboring localities. To maintain our competitiveness, I have included a 4% general wage increase plus an annualized payment of \$1,000 for all full-time employees. The effective increase will range from 7.5% for our lower paid employees to 4.5% for higher paid employees. Part-time employees will receive a pro-rated amount.

The County's contribution for Deferred Compensation has not increased in over 19 years. A \$15/month increase is proposed which will bring the total to \$50/month that is offered to employees on a matching basis. We currently have 195 employees that participate in deferred compensation. The increase will cost approximately \$35,000.

A vision/dental plan is proposed for employees that already have Health Insurance such as those with TRICARE. We estimate 10 employees will be eligible with a County cost of \$11,746. The employees will pay 19% of the total cost. Employees who decline our insurance represent a significant cost savings for the County but those plans often do not have adequate vision and dental coverage. We anticipate that this benefit will make us more competitive in attracting qualified employees.

The County Health Plan experienced another good year with a 1.6% increase in rates. We are continuing the same County/Employee cost sharing plan for health insurance established in FY20. We are also continuing the High Deductible Health Plan (with Health Savings Account) which was added last year. This plan has the potential to provide savings for employees and the County.

New Positions

Six new full-time positions are proposed in the FY24 budget, (Emergency Services, Parks and Recreation, and Public Works. One new part-time position is proposed in Commonwealth Attorney and two current part-time positions are proposed to be converted to full-time positions, (Animal Control and Voter Registrar)

Fleet Upgrades

In addition to new vehicles for the Sheriff's department, a total of 5 other vehicles are proposed to replace aging or high mileage vehicles in the following departments: Public Works, Parks and Recreation, and Emergency Services

Capital Budget

Consistent with the Board's adoption of the FY24-33 Capital Improvements Program, a Capital Budget of \$7 million is included to move various capital projects forward. Significant capital expenditures include Parks & Recreation (Tyler's Beach) \$750,000, Water line and Water tank projects (\$3.1 million), Capital Reserve \$500,000 and various Transportation projects (\$2.2 million)

The Capital Budget is fully funded with existing bonds, General Fund transfer, and grants.

Acknowledgements

I would like to thank all the Constitutional Officers, Department Heads, and staff for submitting conservative and well-researched budget requests. I have been impressed with the creativity and cost-saving suggestions from all our staff. I would especially like to thank Don Robertson, Stephanie Humphries, Teresa Morgan, and Marina Hitchings for organizing the budget requests and preparing countless budget scenarios. This has truly been a team effort.

Sincerely,

Randy Keaton County Administrator *The transmittal letter does not reflect the subsequent changes approved by the Board of Supervisors after the updated version submitted on April 6, 2023.

COUNTY FUND BALANCE POLICY

The County will employ sound financial management principles to include the establishment of an unassigned general fund balance sufficient to maintain required working capital and provide a reserve for unanticipated expenditures or emergencies, revenue shortfalls, and other non-recurring uses. The ratio of Unassigned General Fund balance as a percentage of Budgeted General Fund Expenditures indicates the ability of the County to cope with unexpected financial problems or emergencies. The larger the Unassigned General Fund balance, the greater the County's ability to cope with financial emergencies and fluctuations in revenue cycles. The County has established a target rate of 15% at the close of each fiscal year as computed for the upcoming budget year.

Once the unassigned general fund balance target is achieved by the County, it is intended to be maintained for the upcoming fiscal year from prior year surpluses and budgeted additions as available before any other needs are addressed. In the event Unassigned Fund Balance is required to be drawn below the 15% target rate due to an emergency (such as a natural disaster) or due to severe economic circumstances, the County will develop a plan to restore the Unassigned General Fund Balance over the ensuing two fiscal years.

Compliance with fund balance policy will be reviewed and reported to County Board of Supervisors annually in conjunction with the development of the operating budget and with any significant budget amendments made during the fiscal year.

* The above contributions are both required commitments and discretionary public support. Additional detail for agencies receiving Committed Support is provided on the following pages.

Committed:

*Committed by MOU, Resolution or Mandate

• Western Tidewater Community Services Board (WTCS Board)*

We are required to provide these services. WTCSB is a regional agency and each of the member communities (Franklin, Southampton, Suffolk, Isle of Wight) provides local match funding. It should be noted that the agency does an excellent job regarding collection of fees for service and drawing down additional State funding such that the local amount we currently contribute is actually less than the "required" local match. *(Letter of Request attached)*

• Western Tidewater Health District (W. Tidewater Health District)*

We are required to provide the services. WTHD is operated regionally and each of the member communities (Franklin, Southampton, Suffolk, Isle of Wight) provides local match funding. We have an MOU with the Health Department. *(Letter of Request attached)*

• Franklin Revenue Sharing*

MOU requires IOW to provide 17%-23% of revenues received as determined by a calculated Fiscal Distress Factor; MOU created as an alternative to annexation.

• Town of Windsor*

Approved 5 year commitment with 2 year extension of funding for Windsor Town Center (FY 19-20) which serves as the host location for County Parks & Recreation programming.

• Hampton Roads Planning District Commission (HRPDC)*

We participate regionally via an MOU. Provides regional coordination and assistance for various planning and development functions. HRPDC also serves as grant administrator for the VATI broadband expansion project.

• Hampton Roads Military & Federal Facilities Alliance (Hmpt Rds Military & Fed Fac Al)*

We make a pro rata contribution to this regional organization based on our population. There is a regional MOU. *(Letter of Request attached)*

• Opportunity Inc (now Hampton Roads Workforce Council)*

We participate regionally via an MOU. (Letter of Request attached)

• Camp Community College*

We participate regionally via an MOU. We contribute to the college and we are also responsible for a portion of maintenance costs for the facility/property. (*Letter of Request attached*)

• Isle of Wight Museum (Smithfield Museum)*

The County owns the facility which we maintain. We are also responsible for operational costs that we split with the Town of Smithfield via an MOU.

COUNTY DEBT DETAIL Debt Ratio Policy Limitations

FY 23 PROJECTION

Debt Ratio Policy Limitations

4% Debt as a Percentage of Assessed Value	2
---	---

This ratio indicates the relationship between the County's debt and the total taxable value of real and personal property in the County. It is an important indicator of the County's ability to repay debt, because property taxes are the source of the County's revenues used to repay debt. A small ratio is an indication that the County will be better able to withstand possible future economic downturns and continue to meet its debt obligations.

12% Debt as a Percentage of General Government Expenditures

This ratio is a measure of the County's ability to repay debt without hampering other County services. A smaller ratio indicates a lesser burden on the County's operating budget. The numerator shall include debt that is not self-supporting from a user fee or designated revenue stream. A selfsupporting revenue stream is defined as a revenue stream that provides coverage of all debt service obligations without general fund support (to include tax assessment districts and funds supported by committed state revenues in support of such debt). Any long term financing lease obligations which may be subject to annual appropriation by the County will also be included in the calculations of tax-supported debt service. General governmental expenditures are expenditures reported in the County's governmental funds (excluding the General Fund Contribution to Schools and the Capital Projects Fund) and expenditures reported in the School Operating and Food Service Funds.
