Memorandum

Date: August 9, 2018
To: Owners, Contractors and Designers
From: Arthur E. Berkley, CBO, CZA 
Director of Inspections
Subject: 2015 Virginia Construction Code

The 2015 edition of the Virginia Construction Code will become effective September 4, 2018. However, Chapter 1 Section 103.2 provides a 1-year grace period allowing applicants to use construction documents prepared under the prior edition of the code.

This memo is a reminder this 1-year grace period will end on September 4, 2019. After this date the applicant will no longer have the option to build under the 2012 Edition. Therefore, if you are using design documents reviewed and approved under the 2012 Edition. These will need to be resubmitted and approved under the 2015 Edition prior to September 4, 2019. After this date, all projects will be reviewed under the 2015 Edition of the Virginia Construction Code.

As always, we thank you for your cooperation and patience as we make the transition.
