Gratitude Picnic recap - Woodridge Neighbors Helping Neighbors

The goal was to celebrate together with care and gratitude for each other and ALL the helping hands, which means so much. Special thanks to the generous partners and sponsors for all their kindness in helping to make the Gratitude Picnic possible! Metra seeking input about next strategic plan

Metra recently announced they are soliciting feedback from riders and the public about proposed revisions to its mission and vision statements and about new strategic goals for the agency. The feedback will be used to help create Metra's next five-year strategic plan.

The survey is available at

www.surveymonkey.com/r/MetraStrategicPlan

"With the pandemic happening and greater funding options now available, much has changed in the public transportation environment since the last strategic plan was adopted in 2017," said Metra CEO/Executive Jim Derwinski. "That's why it's more important than ever that we seek the input of My Metra riders as we plot our future course."

Metra states the new strategic plan will be developed this summer, incorporating feedback from the public and key stakeholders. Metra will then share a draft plan with the Metra Board later this fall and offer opportunity for public comment on the draft. After incorporating feedback on the draft plan, a final plan will be written and presented to the Metra Board for adoption in early 2023.

For more information on Metra please visit their website metra.com.
