Neighborhood Inspection Program Helps Maintain Quality of Life; Preserve Property Values

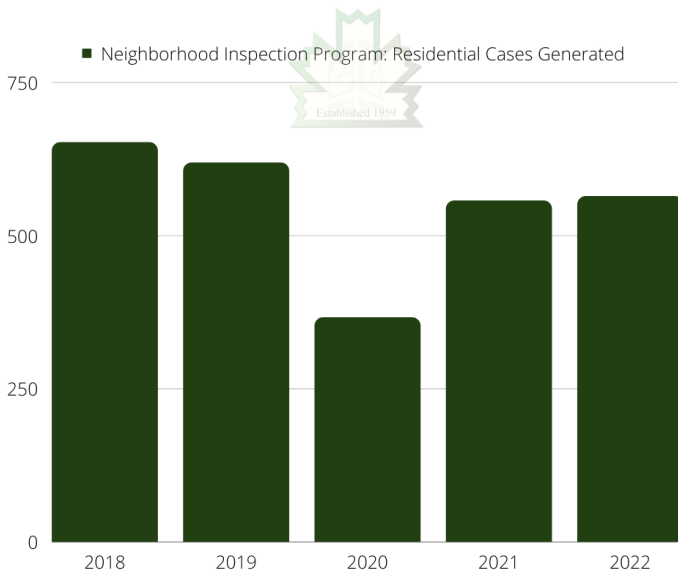

The Woodridge Community Development Department engages in a Neighborhood Inspection Program to maintain the quality of life and preserve property values. Some common reinvestment opportunities include:

- Fences in disrepair
- Dead trees
- Accumulation of rubbish/garbage
- Garbage cans stored in front of the property

Code inspectors drive through every block within the Village and identify property maintenance opportunities that encourage reinvestment. The program results from residents' feedback from multiple sources, including Community Needs Surveys, Quality Community Task Force meetings, and Town Meetings.

How to Submit a Code Enforcement Request

There is an online form to submit information to the Code Enforcement team on the Community Development website. Please call the Community Development Department at 630-719-4750 for any questions about code enforcement.

The median number of residential code cases generated over the past five years from the Neighborhood Inspection Program is 552.

Free Bagged Leaf Collection in November

The Village and Groot will offer free bagged leaf collection during November on your first four regular collection days. This program is available to all single-family residences within the Village's incorporated boundaries.

Woodridge residents may place an unlimited number of leaves in biodegradable paper bags at the curb for collection without stickers. The bags may be a maximum of thirty 30 gallons in capacity and weigh up to fifty 50 pounds. The bags may only contain leaves. Sod, brush, grass clippings, and other landscape waste cannot be commingled under this leaf collection program. Please note that the first Monday of November falls in the second week of November. The asterisks in the schedule below indicate a delay in the collection day due to the Thanksgiving holiday.

Leaf Collection Schedule

Collection Day of the Week:	Monday	Tuesday	Thursday	Friday
Leaf Collection Days:	Nov. 7, 14, 21, & 28	Nov. 1, 8, 15, & 22	Nov. 3, 10, 17, & 25*	Nov. 4, 11, 18, & 26*

Suppose your regular garbage collection day is on a Thursday. In that case, Groot will pick up the leaves on Friday, Nov. 25. If your regular garbage collection day is on a Friday, Groot will pick up the leaves on Saturday, Nov. 26. Leaves raked onto the street can cause storm drains to clog and increase the chances of flooding. To help keep leaves out of storm drains, please utilize the free bagged leaf collection program, mix your leaves into your compost pile, or use a mulching lawn mower.
